State Librarian PREPARING TO BE HOSTESSES

Rushville Federated Club Women
Arranging to Entertain 400
Guests at District Convention.

TO BE HELD HERE MAY 20-21

Approximately 100 Will be Here
Over Night and Committee on
Housing Asks Co-Operation.

Mrs. Guy Abercrombie, county chairman of the women's federated clubs has written to the women's club presidents of the sixth congressional district to learn how many guests may be expected here for the annual Sixth District Federation of Women's Clubs, which will be held in Rushville Thursday and Friday, May 20 and 21, preparations for which has occupied the attention of Rush county club women for several weeks.

Early expectations are that there will be at least one hundred club women from over the district here the first day, who will remain over night for the second day's program, and that there will be between three and four hundred at the second day's session.

It becomes quite a task for the housing committee to make arrangements for one hundred women over night and it is requested that Rushville people assist the committee through its chairman, Miss Alice Norris, in every way possible. The first and most important request of the county chairman, made today, was that every person who has invited a person for the federated club meeting notify the chairman of the housing committee so that the committee will not duplicate. This request is urgent because it is desired that the committee not have to make preparations for guests and then learn that they are already cared for.

The county chairman emphasizes the fact that each and every session of the meeting is open to everyone and that a large attendance of the people of Rushville is urged. Any persons who wish to learn some of the minor details of the meeting are requested to see Mrs. Abercrombie.

Invitations have been sent by Lena Haworth Stivers, of Liberty, secretary-treasurer of the district federation, to the seventy-nine clubs in the district. They have a combined membership of thirteen hundred, but not over a fourth of the district membership is expected here.

All sessions will be held in the auditorium of the new school building, the Graham Annex. It is stated that there is no doubt but that the auditorium will be completed in time for the club meeting. This will probably be the first public gathering in the auditorium.

The first session will be held Thursday afternoon at two-thirty o'clock. The time will be occupied with a condensed report of all of the activities of the sixth district federation. There will also be an address at this time by Miss Vida Newson, of Columbus, president of the State Federation of Women's Clubs. Mrs. Walter Saxon of Falmouth will be a speaker at the afternoon meeting.

The program is not ready for printing yet, but will be in a few days. Most of the things, however, which will occupy the time of the eighth annual convention, are arranged for already. The convention will be formally opened Thursday evening at seven-thirty o'clock. What is considered the chief address of the session will be given Thursday night by Mrs. Felix McWhirter, of Indianapolis, on the

TWO VEHICLES COLLIDE

Auto and Motorcycle Meet Headon
at Street Intersection.

An automobile driven by Samuel Newhouse and a motorcycle ridden by Chester Taylor collided yesterday afternoon at the intersection of Main and Second streets resulting in slight damage to both machines. Mr. Newhouse was driving north in Main street and Taylor was turning south in Main from East First street. They both pulled in the same direction and collided. The machines locked and headed for the sidewalk, crashing into a pedestal lamp. One of the fenders of the auto was bent but the motorcycle was not damaged.

BRIDGE CONTRACT IS AWARDED TODAY

Commissioners Also Hold Secret
Session With Council, Possibly
to Discuss New Infirmary.

LATTER BODY NOT CALLED

The county commissioners at the regular session today awarded the contract for the construction of the Mart Creek bridge to the Central States Bridge company, for \$618. The bridge is a small one but seven different firms wanted the job. The Central States company was the low bidder. Other bids were as follows: Lawrence and Ennie, \$687; Burk Construction company, \$649; Karl A. Kennedy, \$795; Franklin D. Miles, \$689.50; Haymond & Howard, \$633 and Marshall Buell, \$785.

The usual claims were allowed at the meeting today. The commissioners and the county council held a secret session this forenoon, but nothing was given out as to what was done. It is supposed that they were talking over the appropriation for a new building at the county farm. The council meeting was not official as the members were not called together, according to law.

SNEAKS IN AS WOMAN ANSWERS THE PHONE

Thief Steals Pockethook Containing
\$23 From Home of Mrs. Rice
Hines Saturday Night.

SAYS SHE KNOWS ROBBER

While Mrs. Rice Hines, colored, was answering the telephone at her home in North Sexton street Saturday night, a burglar slipped in the front door and took her pockethook, containing \$23, from a table in the front room. Mrs. Hines states that she saw the man on the front porch and had started to the door when the phone bell rang. She decided to answer the phone first and then go to the door.

She went to the telephone and returned in time to see the man running from the house. Mrs. Hines states that she knew who stole her money and that the man took a late car to Indianapolis. The matter was never reported to the police and no arrests are expected.

ADDRESSES UNION MEETING.

James E. Watson addressed a union meeting of the churches of Liberty last night.

RESPECTS TO BE PAID TO MOTHER

Next Sunday Will be Her Day and
Preparations Are Being Made
Generally to Recognize it.

WAS ORIGINATED IN 1908

Observance Will be Accompanied by
Wearing of Flowers, Which are
Always in Big Demand.

Rushville and Rush county will do reverence and pay respects to mother next Sunday for on that day, the second Sunday in May, Mothers' day will be duly observed all over the land.

Preparations are being made already for the day. It will be recognized by many of the churches and ministers are preparing special sermons on the subject. This is true of Rushville as well as other points in the county.

Originated in 1908 by Anna Jarvis of Philadelphia, the celebration of the day was extremely simple. If one's mother was living colored flowers were worn, if the mother was dead, the flowers were white. Now the observance has become much more elaborate. It is one of the "big days" of the year.

Attention is being directed more and more to the mother who is still in the home. On this day, if on no other, she is the recipient of gifts and flowers and the man or woman seen wearing a white flower is the object of deep sympathy, for the white flower is the symbol of the mother who has passed away.

Last year on Mothers' day all the local florists were swamped with work. At first the people were particular, then as time went on, they would buy anything just so it was a flower. Before the appointed day many of the florists were sold out. This year the florists are making every preparation to supply the demand. There will be immense quantities of flowers of every variety on hand, and put up in countless ways, bouquets, baskets, boxes, etc.

The flower is the greatest demand on this day is the carnation. This is because the carnation is the best flower for wearing purposes. There is, however, a great demand for flowers of all sorts. It is believed Mothers' day will be an occasion which stores of all kinds will make much of.

It is probable that Governor Ralston will issue a proclamation officially setting the date as Sunday, May 9.

MARY M. DIXON IS DEAD

Widow of Late George W. Dixon Ex-
pires Sunday Afternoon.

Mrs. Mary M. Dixon, 69 years old widow of the late George W. Dixon, died Sunday afternoon at 3:45 o'clock at her home 525 West First street. Mrs. Dixon had been in failing health for some time and had been seriously ill for the past two weeks. She is survived by two daughters, Mrs. Anna Butts and Mrs. Martha Earhart. The funeral services will be conducted Tuesday afternoon at the Salvation Army church by the Rev. Mr. Wainseott. Burial will take place in East Hill cemetery.

An eight pound girl was born to the wife of Ralph Miles this afternoon at their home near Raleigh. Mrs. Miles was formerly Miss Lorene Smith, of this city.

TO DO SERVICE FOR HIS PEOPLE

Modern Man of God Who Denounces
Fashionable Sin is Doing Ser-
vice for His Generation

SERMON BY A. D. BATCHELOR

Speaks on Subject "Why Ministers
Are Sometimes Hated" at St.
Paul's M. E. Church

Taking for his subject "Why Ministers are Sometimes Hated" the Rev. A. D. Batchelor preached a sermon at St. Paul's M. E. church Sunday night, in which he asserted the man of God of today who denounces high and fashionable sin is really doing his generation a service. The text was: "I hate him because he never prophesied good unto me." The minister said in part:

"This is a reference to the prophet Micah. Ahab hated him because he dared to tell this wicked king the truth. Men whose responsibility it is to speak the truth are usually disliked by the evil doers whom they must reprove. It was the function of the prophet to speak frankly and sincerely, to be uninfluenced by any human consideration. Micah said, 'As the Lord liveth, even what my God saith, that will I speak.' He felt that he was responsible to God and that his words should be true to God. This is true of every man who sincerely ministers at God's altars. He feels that he has no right to trim the truth to suit his hearers. If he is loyal to God he cannot condone the sins of men with words of equivocation.

"Prophetic preaching provokes apposition. Wendell Philips was hissed at Faneuil Hall. William Lloyd Garrison was cast into prison. Martin Luther had to face an opposition more fierce than the wild beasts at Ephesus. Spurgeon said, 'We are allowed to denounce the sins of the man-in-the-moon, but as to the vices of this city of London, if we put our finger on them in God's name, then straightway one cries, 'It is indelicate to refer to these things!' What is the world coming to when assumed proprieties are to take place of God Almighty's truth? By what law are men even forbidden to be personal in the denunciation of sin? Micah and Elijah both rebuked Ahab. John the Baptist rebuked Herod. Nathan said to David, 'Thou art the man.' If men will not apply the truth to themselves it is the business of the preacher to apply it for them.

"Opposition to plain preaching is unreasonable. Men ought rather to be angry with their faults than with those who have the courage to tell them of their faults. Ahab said to Elijah, 'Hast thou found me, O my enemy?' Elijah was not an enemy of the king. He was only hostile to the king's sins. Personally he wished his Royal Majesty well. He was working for his welfare in pointing out his sins. No minister is an enemy to those he addressed plainly and pointedly. He is their best friend. He is trying earnestly to get them out of the way of their sin and folly. Herod did not take it kindly when John the Baptist rebuked him. But John was really doing him a service. Also the modern man of God who denounces high and fashionable sins is trying to do his generation a service. It is as unreasonable for them who know the truth to oppose him as it was for Herod to cut off the head of John the Baptist.

"Moreover, the man who resists plain and pointed preaching gives himself away. He betrays the fact that the truth has had too close application to him.

SHOWS INCREASE OF FIGHT

Report on School Enumeration in
the City is Made.

The school enumeration for the City of Rushville shows a slight gain over last year, according to the figures filed with County Superintendent George. The enumeration this year shows a total of 1,298 persons of school age in the city as compared to 1,290 last year. The enumeration was taken this year by Mrs. W. O. Headlee. The complete figures on the enumeration in the county are not yet obtainable as all of the trustees have not reported. All of the work is complete and reports will be in the hands of the county superintendent in a few days.

SENTENCE OF 1 TO 8 YEARS INVOKED

Jesse Easley is Sent to Prison on
Old Charge When Two New
Cases Appear Against Him.

THE FIRST ONE SUSPENDED

Judge Sparks this afternoon revoked the sentence of Jesse Easley, colored, and he will be taken to Jeffersonville Tuesday morning to begin serving a term of from one to eight years for petit larceny. Easley was out under suspended sentence, and the sentence was inflicted at this time because of his arrest a few weeks ago on two charges filed by Gip Martin.

Martin alleged that Easley drew a knife on him and also charged him with carrying deadly weapons. No action was taken on these cases and the court sent Easley to prison on the old charge. Deputy Sheriff Sullivan will take him to Jeffersonville tomorrow. His first offense was the theft of a watch.

NO RUSH ON LAST DAY FOR TAXPAYING

Up to This Morning \$268,069.53 Had
Been Paid on Spring Install-
ment—\$25,000 Expected Today.

THURSDAY THE BIGGEST DAY

The last chance for paying the spring installment of taxes today was not characterized by the usual rush at the county treasurer's office. It was estimated at the treasurer's office that about the usual per cent of the taxes on the books would be paid during the spring. It stated a few days ago that the taxes to be collected would mount up to nearly \$320,000, but it was said today it had been found that was a bit too high and that the spring installment would not amount to much over \$300,000.

Up to this morning \$268,069.53 in taxes had been paid on the spring installment and it was expected at least \$25,000 would be paid today. Saturday the collections amounted to \$17,738.72. Last Thursday was the biggest day of the period when \$24,400 was paid in taxes.

USE ASPHYXIATING GAS.
(By United Press.)

Paris, May 3.—The Germans are again using their asphyxiating gas in efforts to gain ground north of Ypres. This was declared by the office today. It was added that the Germans had failed to gain ground by this means.

NOTIFIED TODAY OF LOSS OF SHIP

State Department Receives Message
From Consul, Saying Captain
Died of Heart Failure.

TORPEDOING OF GULFLIGHT

German Embassy, Always Ready to
Defend Kaiser, Silent on Late
Case and that of Cushing.

(By United Press.)

Washington, May 3.—The state department this afternoon received its first official notice of the torpedoing of the American tanker, Gulflight, by a German submarine, off the Scilly Islands.

It was contained in a cable from American Consul Stephens, Plymouth, England.

"American tank steamship Gulflight torpedoed off Scilly first instance," said the message. "Captain died of heart failure. Body landed. Two of crew drowned. Thirty-four saved. Vessel afloat. Patrol boats attempting to tow her into Scilly."

The state department today faced perhaps the gravest situation since the European war began. Its own officials admitted this.

The German embassy, usually prompt to defend the acts of the kaiser's land or sea forces, declined comment or explanation concerning the bombardment of the American steamship Cushing by a German aviator near the Dutch coast last Thursday or the Gulflight attacks.

Secretary Bryan was non-communicative. He announced that the state department had forwarded the formal account of the attack on the Cushing. The department seemed as much perturbed concerning the Cushing as over the case of the Gulflight. The Cushing's name appeared so plainly on its side and so conspicuous were the marks of its nationality, it was said, that the attack was particularly hard to excuse, in the view of officials.

For the torpedoing of the Gulflight, on its way to the French port of Roen with an oil cargo which the Germans were naturally anxious to prevent reaching the enemy, it was felt some excuse might be made—though not for the vessel's destruction which was responsible for the loss of American lives.

Concerning the Cushing, it was stated that Ambassador Gerard had been directed to request a full investigation to determine whether the aviator's action was upheld by the foreign office, and if so, for an official explanation.

Minister VanDyke was also instructed to get all possible details of the incident of the American consul at Rotterdam.

President Wilson arrived in Wash-

THE LOST DAY

"FRIENDS we have lost a day."

Such was the comment of one of the constructive kings of France when his councillors' reports showed lack of accomplishment.

The merchant or manufacturer who fails to get his message before the buyers of this city, through the advertising columns of this newspaper, can re-echo the sentiment.

Each day there is no advertising for you is a day that represents a loss of possible business.

Why lose any day?

Your Floor Coverings and Draperies

House cleaning at hand is suggestive of needs in Floor Coverings and Draperies. Every person of right mind is interested in anything that will add beauty and real attractiveness to the home.

Do you know that we can be of vital assistance to you along these lines? As we do not carry in our stock yardage in carpet, it enables us to give our entire time and attention to the essential details of our attractive Rug Department. We have Rugs in all sizes from the small door-mat to the 12 x 15.

They are Velvets, Body Brussels, Axminsters, Tapestries and Wool Fibres. Their designs are most pleasing and harmonious color blendings and their quality of highest value and softest finish.

We can assist you in fitting up or matching up—that's our business.

Also ask us to show you our Linoleums, Matting, Fillers, Floor Oil Cloths, Lace Curtains, Scrims, Silks and other Draperies. You will be glad you did.

WARNS AGAINST STORM DAMAGE

State Fire Marshall Urges Farmers to Beware of Lightning Because Season For it is Here.

75 PER CENT IN THE COUNTRY

Many Fatalities From Fires Which Might Have Been Prevented Reported in the State.

Warning to farmers at this time of the year to beware of lightning, is being given by the State Fire Marshall's department. The spring showers, so welcome to the agriculturalist, often become electrical storms that mean fire and destruction to the exposed farm building. Seventy-five per cent. of all lightning losses are in the country.

Lightning did less damage in 1914 than perhaps in any recent year in Indiana, owing to the few severe electrical disturbances, and also to the generally increased equipment of buildings with lightning rods. There were only four hundred and forty-three lightning losses in the State during last year as compared with one thousand and six in the preceding year.

Evidence gleaned from investigations in the State Fire Marshall's department shows that the lightning rod properly placed is certain protection. Only seven buildings equipped with rods were struck during 1914. In these seven instances, however, investigation by assistants showed the rods had been up a long time without attention or were properly grounded. In one or two instances lightning entered buildings over telephone wires.

It is interesting to note that during the year two authorities after investigations reported favorably on the use of the lightning rod. They were Prof. W. H. Day, of the department of physics, Agricultural College, Ontario, Canada, and Prof. J. Warren Smith, of the United States Weather Bureau.

Were mothers and nurses properly watchful of children, the deaths of little ones by fire during 1914 would have been reduced more than fifty per cent. Of twenty children burned while playing with matches or about hot stoves, according to the fire marshal's report.

Adults fatally burned numbered forty-seven. Of these fifteen were burned in dwelling or lodging house fires. Nine perished as a result of gasoline explosions and six because of kerosene explosions. One hundred and twenty-eight adults and thirty-seven children were badly burned.

The fire marshal is grappling with a mystery, introduced into the department by a down state assistant. Under the form question as to the origin of the fire reported the cause is given as "A fireless cooker." What the fire marshal would like to know is what sort of a fire could be kindled by an agent obviously "fireless" and the modus operandi thereof.

Notice to Non-Resident.

The State of Indiana, Rush County. In the Rush Circuit Court, February Term, 1915.

Charles Bridges vs. Elmer B. Stewart. Complaint No. 470.

Now comes the plaintiff, by Albert C. Stevens, his attorney, and files a complaint herein, together with an affidavit that said defendant is not a resident of the State of Indiana; that said cause is an action on a judgment secured in the Court of the Municipal Court of Chicago, in the State of Illinois; that the object of said action is to enforce satisfaction of a judgment; and that said non-resident defendant is a necessary party thereto.

Notice is therefore hereby given said defendant, last named, that unless he be and appear on the 35th judicial day of the next term of the Rush Circuit Court, to be held on Friday, June 11th, A. D., 1915, at the Court house in Rushville in said County and State, and answer or demur to said complaint, the same will be heard and determined in his absence.

Witness my name and the seal of said court, affixed at Rushville, this 17th day of April, A. D., 1915.

PREPARING TO BE HOSTESSES

Continued from Page 1.

subject, "The Feminist Movement."

On the morning of the second day, Mrs. Virginia Meredith, of Cambridge City, will conduct a question box. Indications are that this will be one of the best things of the convention. On the last day Mrs. E. K. Montgomery, of Shelbyville, will speak on the topic, "The Blind People" and on afternoon of that day there will be an address on the subject, "Public Health and Public Nursing" by Mrs. W. W. Thornton. Mrs. Aug. of Greencastle will talk of "Home Economics" on the closing day. Business will be transacted at the session at nine o'clock Friday morning.

Splendid music is being arranged by the committee in charge. Rushville has always been proud of its so-called home talent and the club women are arranging a program that will be a most delightful surprise to the visitors. Among the musical numbers will be the appearance of the high school glee club which is practicing for the occasion now. All of the well known soloists have consented to sing.

The following chairmen of important committees have been announced: Mrs. Roy Waggoner, finance; Mrs. Minnie Abercrombie, to make arrangements for luncheons; Mrs. Henrietta Coleman, to prepare for the reception at the home of Mrs. James E. Watson Thursday afternoon at four-thirty o'clock; Miss Alice Norris, entertainment; Mrs. Vern Norris, to meet trains; Mrs. Charles Parsons, automobiles; Mrs. Virgil Binford, ushers; and Miss Jennie Madden, music.

WANTED—place to do general housework in Rushville by young lady. Address P. O. box 93, Arlington.

Personal Points

—Will Bliss was in Indianapolis today on business.

—Clyde Cripe of Henderson was a visitor here today.

—Hugo Schmalzel was in Morris town today on business.

—Lowell Gartin was in Indianapolis on business today.

—Will Inlow was among the Indianapolis visitors today.

—Will Nicholas spent the day in Indianapolis on business.

—William A. Marsh of Indianapolis spent the day in this city.

—T. W. Whitaker of Frankfort, Ind., spent the day in this city.

—Milfred Bramel of Carthage spent the morning in this city.

—Ferd Strickler of Franklin was the guest of Miss Louise Craig over Sunday.

—Gustav Rhodoy of Indianapolis spent the day here with friends.

—P. F. Linville of Henderson spent the day with friends here.

—A. O. Moore of Carthage spent the day on business in this city.

—George Campbell left this morning on a business trip to Greenfield.

—George Baker and little son were visitors yesterday in Plainfield, Ind.

—Dr. and Mrs. William H. Monk were visitors in Shelbyville yesterday.

—W. E. Allen of Indianapolis transacted business in this city today.

—Everett Button of Knightstown was a visitor in this city this morning.

—Mrs. Byron Ball of Carthage spent the day with friends in this city.

—J. W. Crawley of Greencastle spent Sunday with friends in this city.

Society News

The Elite Club was entertained this afternoon by Mrs. John Jones, at her home, 534 North Main street.

Mrs. L. M. Clark will entertain the Happy-go-lucky club Tuesday afternoon at her home in North Main street.

The Shakespeare club will be entertained tonight by Miss Edith Wilk at her home in North Harrison street.

A dinner party was given last evening at the Seaman House in honor of several Western College students who were week end guests in this city. Among those present were: Misses Dorothy Vance, Norma Pence, and Ann Armstrong of Western and Frances Frazee of this city. Messrs. Robert Helm, Simon Stewart, Lawrence Clark, Scott Buell, Ben Humes of this city, and William J. Vaught of Chicago.

The Young Women's Missionary church will meet with Miss Edna George at her home in North Harrison street Wednesday afternoon at two-thirty o'clock. Mrs. Lowell M. Green will be the leader. There will be a discussion of children at worship in China and Japan by the society and a discussion of the subject, "The Red Man as Teacher and Learner" will be the feature of the program.

Amusements

The Princess offers the famous play "The Fifth Commandment" in five acts for the program tonight. Julius Steger, the well known author and actor is featured. The story, replete with heart interest, is based on his famous vaudeville offering of the same title with which he scored a remarkable success. The picture is gorgeously staged and the settings are said to be very beautiful. "The Fifth Commandment" is said to be a fine picture and is a real feature. Music tonight by the Princess orchestra. Tomorrow night Helen Gardner will be shown in the feature "The Still Small Voice."

The Gem will show a two reel feature "An Oriental Romance" for the first picture tonight. King Baggot and Arline Pretty are featured. It is said to be a thrilling drama telling a novel story. The other is a comedy entitled "It Might Have Been Serious." Jack Dillon and Billy Rhodes are featured. Tomorrow matinee and night the final episode of "The Master Key" will be shown.

The Mystic offers a two reel drama "The Secret Formula" for the first picture tonight. Dorothy Davenport is featured. It is said to be a thrilling drama telling a fine story. The other picture is a comedy "Have You Seen the Girl?" It is said to be a very funny picture. Tomorrow night a two act drama featuring Lucille Young will be shown.

Arthur Hammerstein, who has given to the American stage the two operettas, "Naughty Marietta" and "The Firefly", which set a new pace in musical entertainment, combining the rush of musical comedy with the interesting intrigue of a comic opera, has rounded out a magnificent trio with "High Jinks", booked to appear at the Murat for a return date, four

performances only, May 3-4-5 with popular price matinee, Wednesday May 5.

Otto Hauerbach, librettist of "Three Twins" "Madame Sherry" is author of the book and lyrics of "High Jinks". The music is by Rudolf Friml, former pianist for Jan Kubelik, and composer of the score of "The Firefly."

The plot of "High Jinks" is set in motion by a magic perfume which has the property of making everybody, no matter how melancholy, wildly hilarious. The perfume is the discovery of an explorer, who communicates its secret to a friend, Dr. Thorne, a nerve specialist, practicing in Paris. The doctor tries the perfume on one of his female patients who becomes so joyous that she throws her arms around his neck and hugs and kisses him ardently. The woman's husband, a spit-fire Frenchman, is a witness of the scene, and demands as satisfaction for the injury that the doctor shall deliver to him his own wife to be hugged and kissed after the manner of the recent adventure. The doctor promises, but engages a young and

pretty actress to impersonate Mrs. Thorne. With her he goes platonically to a watering place, and the Frenchman follows them. Here ensues some pretty lively adventures treading their way through a maze of mistaken identities.

The music of "High Jinks" is said to be as lively and catchy as the plot. The features of the score is a song "Something Seems Tingle-Ingling," repeated frequently throughout the course of the performance. As soon as this melody is started the whole stage breaks into a frenzy of joy. Other attractive numbers in the rich score are, "Jim," "Love's Own Kiss," "I'm Through with Roaming Romeos," "Chi Chi," "Not Now, But Later," "Come Hither Eyes," "I Know Your Husband Very Well," and "Dixiana Rise."

A large and richly gowned chorus of the prettiest girls ever brought out of New York, is a lively feature of the entertainment. They change costumes frequently to fit into the shifting stage pictures first showing a beautiful garden just out of Paris and later the scenes around a fashionable French bathing resort.

HOOSIER HISTORY

(Prepared by the United Press from Records in State Library.)

The first institution to be founded in the state after its admission into the Union was the state prison at Jeffersonville. This was in 1821—five years after Indiana became a state.

The last institution to be established by the state was the State Penal Farm, near Greencastle. Its establishment was authorized at the 1913 session of the legislature.

Between 1821 and 1913 there have been organized sixteen benevolent and correctional institutions.

SECOND ROAD SCHOOL FIXED

Purdue University Announces Event For Lagrange Similar to One Held at Evansville.

WEDNESDAY AND THURSDAY

Last Day Will be Devoted to Construction of Model Section of Gravel Road.

The Highway Engineering Department of Purdue University is to hold a district Road School at LaGrange on May 5 and 6th. It will be similar to the first one held at Evansville last week.

The theoretical part of the instruction will be given at LaGrange on the first day. J. H. Dodge, an experienced Road Superintendent of the United States Office of Public Roads, will assist in the work. Mr. Dodge will spend some time previous to the school in inspecting typical Indiana roads in order that his talk may have special reference to the work in this state.

Prof. W. K. Hatt, Head of the School of Civil Engineering of Purdue University will outline the relations between Purdue University and the public works of the state. He will tell what Purdue hopes to do to improve road conditions.

Prof. Geo. E. Martin, of the Highway Engineering, Purdue University, will give special attention to the construction and maintenance of gravel and earth roads. A full size model of a road drag will be used to illustrate the points of his talk.

Thursday, May 6, will be devoted to the construction of a section of gravel road. This road is located a mile south and two and a half miles west of LaGrange. Plans have been made by the Highway Engineering Department of Purdue University and the entire work of building a model section of gravel roads will be done on that day. There will be automobiles to carry visitors out to the road from LaGrange.

WAR ODDITIES

WHY WAR WAS STARTED.

Shanghai, April 14.—A summary of events leading up to the war that is somewhat more correct in its facts than in its rhetoric and grammar is published in L'echo de Chine, a French journal edited by a young Chinaman. Translated literally, it reads:

"Now there is a great battle in Europe. This began because the Prince of Austria went to Serbia with his wife. One man of Serbia killed him.

"Austria was angry, and so write Serbia.

"Germany write letters to Austria. 'I will help you.'

"Russia write letters to Serbia. 'I will help you.'

"France did not want to fight, but they got ready their soldiers.

"Germany write letters to France. 'You don't get ready, or I will fight you in nine hours.'

"Germany to fight them, pass Belgium.

"Belgium say, 'I am a Country! I am NOT a road.' And Belgium write letter to England about Germany, to help them.

"So England help Belgium."

SENT HERE TO GET EDUCATION

Fifty Vivacious Senoritas in New York to Study and Will impart Knowledge to Mexicans.

WERE SENT BY GEN. CARRANZA

Board of Health Has Placed Ban on the "Hot Dog" and Pink Lemonade at the Beaches.

BY CARLTON TEN EYCK
(Written for United Press.)

New York, May 3.—Fifty vivacious senioritas who never before had known aught of lands beyond the borders of their Native Mexico, almost succeeded in disturbing the equilibrium of Broadway in the vicinity of the flatiron building, a vicinity usually avoided with great and specific particularity by the fair. The fifty innocent maids are here to study the schools of the gringo woman at the suggestion of General Venustiano Carranza, who would enlighten that part of his country surviving his ultimate establishment in the presidential chair.

Carranza is the idol of the Mexican women, because he is their friend. In proof they cite the sending of the fifty to New York to bring back knowledge to the coming peaceful Republic. They were chosen from every rank and grade of Mexican society, with a view only to their intelligence, it is asserted. But those who saw, and remembered axioms pertaining to beauty and intelligence shake their heads.

Five girls preceeded them and now are acting as guides. In three years' time they say, Mexico is due for a great educational awakening. Some of the senioritas already possess ample education, but are anxious to spread it. Of the bevy, several will study domestic science as taught in New York schools. A few will train for high school teaching. All will try to learn how the American girl is taught.

About the only thing feminine that arouses more than passing interest, is the suffragette, and pretty Miss Maria Martinez, a leader of the party hastily disclaimed attachment to that principle, talking for them all. She added that the Mexican woman is fifty years behind her American sister and that Carranza's idea is to introduce the fundamentals. This country was chosen, she said, because its spaces and contour in sections, are like those of Mexico. When the pioneers have completed their studies here, they plan to tour Mexico in special trains, imparting knowledge to rural districts. The future of Mexico, she said, lies in her women.

The high cost of snowstorms is a problem that annually adds a few gray hairs to the head of Commissioner Fetherston, and when he woke to view the Easter flurry, he felt that insult had been added to injury.

Commissioner Fetherston has introduced some new methods and they work satisfactorily, but when it became necessary to present to Comptroller a bill for \$56,000 much of his satisfaction was blighted. This went to pay 21,000 men, all who responded to a call for 36,000. Contractors will collect \$26,000 more, making the cost of a belated snow storm to the city \$82,000.

No more will the succulent "hot dog" and the alluring pink lemonade add to the enjoyment at the beaches.

The Board of Health has placed the official ban on both and forty inspectors will be there to enforce the ruling. Hereafter, the frankfurter, the popcorn box, hokey pokey ice-cream, soft drinks and everything worth while are to be subject to inspection and New Yorkers are going to know what they are eating and drinking for their nickles. All of which should prove healthful, although we know of few casualties in the past attributed to the delicacies.

"Blame it on the war is the tendency of the day, but it remained with Fire Commissioner Robert Adamson to add incendiary fires to

the things for which Europe is said to be responsible.

The Commissioner said that the financial depression caused by the fracas of the foreigners obviously was the cause of numerous incendiary fires, inasmuch as the number of them has increased out of all proportion to the figures of other years.

GERMAN OPERATION ADMITTED SERIOUS

Grand Duke Nicholas Sends Strong Force of Russians to Meet the Enemy's Advance.

ARE TWO PURPOSES IN VIEW

Petrograd, May 3.—For the first time the Russian war office today admitted that the German expedition toward the Russian Baltic provinces is serious. The Germans are co-operating by land and sea. Detachments of German cavalry, supported by an automobile detachment and mounted infantry, are overrunning Shadli region. Patrols of the enemy have been reported near Libau and a squadron of German torpedo craft is operating along the Russian Baltic coast and has penetrated the coast of Riga.

Grand Duke Nicholas has sent a strong force of Russians to check the German advance which is believed here to have the double object of cutting off the lines of communication toward Warsaw preliminary to another assault on the Russian positions along the Vistula, and secondly the ravishing of the rich Baltic provinces in retaliation for Russian raids into east Prussia.

AIRSHIP DRIVEN OFF.

London, May 3.—A German taube flew over Dover today but was driven off without inflicting any damage or dropping any bombs.

TODAY IN HISTORY

Columbus discovered the Island of Jamaica 421 years ago today.

President Lincoln issued a call for 42,054 volunteers for 3 years' service 54 years ago today.

Today is the 95th anniversary of the organization of the Congressional committee on Agriculture.

OPENING GAME WON BY RUSHERS

Wrecking Crew Pounds in Three Runs Against Dayton Shilohs in Contest Lasting Four Innings.

HEAVY HITTING FEATURES

Schlenker and Hellmund Star at Bat—Large Crowd Pleased With Park and the Team.

Some ball park and some more team was the expression heard on all sides after the fans had their first look at the new plant of the Rush County Amusement Association and the team is expected to grab the pennant in the Indiana State League. Rain stopped the opening game after four and one-half innings had been played but this did not put a damper on the enthusiasm of the crowd.

To offset the rain and keep the crowd in still better humor Rushville grabbed the game from the Dayton Shilohs by a score of 3 to 1. The game was featured by the heavy hitting of the Rushers and the team showed that it will play ball even against the strongest of teams. Threatening weather kept the crowd down but at that the gathering was typical for an opening game. Everything was new and clean and it was a pretty sight to see the Rushville team march out on the field wearing their new uniforms for the first time.

The opener was pulled off in big league style, the Odd Fellows band played throughout the afternoon. The game had progressed only two innings when it started to rain. Umphs Long kept the teams at it thinking the rain might stop, but it increased all the time. With Rushville at bat in the last of the fifth the rain came down in torrents and the game was called. The score reverts back to the last of the fourth inning for Rushville and the final score ended 3 to 1.

Considering that it was the first game played on the new diamond the game was fast. The diamonds are not yet in perfect condition and the play even at that surprised the crowd. In the very first inning the fans were given a thrill when Schlenker and Hasselback cut down the Shilohs with a fast double play. Feldhaus was safe on Hasselbacks error and Myers sacrificed. Gregory hit a liner at Schlenker, who doubled Feldhaus off second.

The Rushville team started things in the very first inning. Hellmund singled to left and Cordes beat out a bunt. Rohe was out, Kelley to Lyman, and Hellmund scored on the play. Geyer walked and then along came Schlenker with a timely single and scored Cordes. The next two were easy. The other Rushville run came in the third when Schlenker hit to left field for a home run. The Rushville team appears to be long on hitters. Hellmund and Schlenker playing the heavy parts yesterday. "Doc" Hellmund got three hits out of three times up, one of these going for a triple. "Dutch" Schlenker fared equally as well getting two hits out of as many times up and one of these was the home run smash.

Vordenburg, Rushville's big pitcher was just beginning to go good when the rain put a crimp in the contest. The Shilohs found him for only two hits and one of these was the scratch variety. And another thing that makes Vordy appear good is the fact that the Shilohs are as good a team as Rushville will be up against this season.

The game was fast and clean as far as it went. There was no rag chewing and Freddie Long made a hit with the fans by the manner in which he handled the game. The fans would like to have seen the game finished but the rain was evidently needed more, and anyway it counted a victory for the Rushers.

The Innis-Pearce team defeated Baker Doll's Specials, 6 to 5 Sunday morning. The game was exceedingly fast. Miller and Lucas was the battery for the Innis-Pearce team while Stoops and Joyce performed for the bakery boys.

SAYS BALL PARK IS CREDIT TO CITY

John Spinney, Father of Amateur Baseball, Declares it Equals Anything Outside of League.

PRAISES RUSHVILLE TEAM

Among the many people attending the ball game yesterday was John Spinney, of Cincinnati. Mr. Spinney is called the father of amateur baseball in that city and takes a special interest in the Rushville team. He came here yesterday just to see the boys perform in the opening game.

Speaking of Rushville Mr. Spinney says the people should be proud of their new ball park, as it is as fine as any outside of the big leagues. He complimented the directors for their work in furnishing a place of amusement where any woman could attend without being offended. Spinney declared that Manager Davidson has selected a team of real ball players who are and will be a credit to the city and while they may lose a few games during the season, they will also win many more and the club that beats them out in the race will surely have to go some.

Spinney believes that Manager Davidson has a bunch of hitters that will drive several pitchers in the Indiana State League to drink, and with Vordenburg in shape and Goodfellow supporting him, the Rushers, will surely advertise Rushville as it was never done before.

He also declared that no club ever won a pennant without the support and encouragement of the people and exhorted the fans to be loyal to the home club at all stages of the fight this season. "Show your appreciation of the hard work done by the men at the head of the club," said Mr. Spinney, "by turning out every Sunday and root hard for the Rushers."

THE RUSHERS.

In the contest to get a nickname for the Rushville team it has been decided to call the team The Rushers. The season pass is issued to A. L. Gary, who submitted this name. Over one hundred names were given in, and it was only after great difficulty that a decision was reached. The name Rushers isators have also decided to call believed appropriate. The direct the park Edgewater park. This name was given by E. I. Higgs of Greensburg.

There are five different kinds of blends of Golden Sun Coffee. One of them will suit you.

FEDSDRAW MORE THAN EXPECTED

Gilmore's Circuit Continues to Get the Crowds Despite Gloomy Predictions by O. B.

WANTS MAJOR LEAGUE RATING

Pat Powers Declares Outlaws Will Be in New York City by That Year—Has the Backing.

BY HAL SHERIDAN
(Written for United Press.)

New York May 3.—Surprisingly good play by teams that before the opening of the baseball season were considered not to have as much chance as an "open town" politician in Los Angeles, has served during the early days of spring to draw big crowds to the various yards of the Organized Baseball domain. So the magnates are smiling broadly but not so broadly as to eclipse their arch enemies of the Federal organization.

President Gilmore's insurrectos failed to bow to the lofty disdain of Ban Johnson. The predicted "corporal's guard" that would attend the Federal contests swelled on opening days to any where from 15,000 persons to a million—the latter being the Federal figure, the former being only the truth. Newark responded to its new major team as Philadelphia responded to "Billy" Sunday and Billy was not greatly disappointed there, either.

Now comes Patrick Powers, or Pat if you don't like the disguise. Mr. that is Pat, Powers vociferates with much positiveness that the Federals will have a team in New York in 1916. That was said in 1915. But Pat always had a convincing way. Mr. Powers divulges that the New York club is already organized. All its needs is a park, some players and a crowd. The mazuma, which is a synonym for dough, glue or good baseball teams, as you please, is subscribed, asseverates the Fed magnate.

Not only will New York have a team, emphasizes Mr. Powers but the Federal league does not want peace at least not worse than Mexico or Austria. He adds that the Federal owners are so tied up that they will forfeit everything should they agree to separate terms.

Recognition as a major league, both by public and O. B., is the Federal goal and Powers believes that by the end of the year it will be achieved.

JITNEY BUS ARRIVES.

Rushville has been lonesome for some time because it could not brag of a jitney bus, but at last that much advertised method of transit has arrived. The rain yesterday afternoon caught about eight hundred people at Edgewater Park without umbrellas. Necessity has, according to an old adage, been the mother of invention, so the jitney bus sprang into being in Rushville. Several started operations. There were also some horse-drawn vehicles which did considerable business hauling people to their homes.

WONT HAVE TO RAID-MAJORS

At Present Rate of Development Feds Will Have Enough Young Stars to Get by on

RECORDS SHOW SURPRISES

Zwilling and Westerzil are Batting Good and Other Young Players Are Showing Something

(By United Press.)

Chicago, May 3.—A peek into the Federal League record book so far this season seems to show that the Gilmore circuit at the present rate of its development of youngsters won't have to raid the American or national league for its future stars. Hard put to it for likely timber from the start the Federal league scouts were particularly energetic in combing the sand lots the bushes the colleges and even high schools. These scouts have done their work fairly well is shown by the records.

Ed Zwilling, of the Whales, for instance is really a product of the Federals. Zwilling was turned back to the Western League by the White Sox after a brief tryout with the latter club. Tinker looked Zwilling over and signed him. The box scores show how Zwilling has behaved with the Whales.

Another young Federal whose hitting has been a feature this season in its timeliness is Westerzil of the Brookfeds. In seven games this year he has hit for an average of .476. Still another Brookfed player whose batting has been Wagnerian is Cooper who averaged .370 in fifteen games. Bennie Kauf, too has wielded his bat with a vim, having a mark of .578 in fifteen games.

Young Tobin of Fielder Jones' crew is another sensational young player who does not need a record in the American and National behind him to make him look good while on duty.

Against arguments some times heard that the Federal league batters are good merely because they have no pitchers to face, it has been pointed out that Hal Chase, Rebel Cakes and other young stars when in the American and National leagues, have been getting mighty few pickings from Federal league pitchers.

They say that when Duncan goes to bat in Baltimore, the Baltimore fans, without stopping to think, begin to yell for wreckers to tear down the fence in right or center-field so it won't stop the ball. Besides being a .436 hitter Duncan's work in the field has been called as pretty as anything ever seen in either of the older circuits.

PLAYS FAST GAME

(By United Press.)

Greencastle, Ind. May 3.—Lee Carroll of Newcastle, has been playing one of the fastest games of tennis throughout the DePauw tournament and his partner, William Pilkenton of Lawrence, Kan., makes the team appear in running for the title team at DePauw. They defeated the DePauw team of last year eliminating it from the tournament.

WOMAN IN BAD CONDITION

Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Montpelier, Vt. — "We have great faith in your remedies. I was very irregular and was tired and sleepy all the time, would have cold chills, and my hands and feet would blot. My stomach bothered me, I had pain in my side and a bad headache most of the time. Lydia E. Pinkham's Vegetable Compound has done me lots of good and I now feel fine. I am regular, my stomach is better and my pains have all left me. You can use my name if you like. I am proud of what your remedies have done for me." — Mrs. MARY GAUTHIER, 21 Ridge St., Montpelier, Vt.

An Honest Dependable Medicine

It must be admitted by every fair-minded, intelligent person, that a medicine could not live and grow in popularity for nearly forty years, and to-day hold a record for thousands upon thousands of actual cures, as has Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

PHASE IN TARIFF IS BIG BLUNDER

Provision Giving 5 Per Cent Discount on Merchandise Imported in American Vessels

HELD TO BE INOPERATIVE

Question is Now Before Court of Customs Appeals With Little Chance of Victory

Washington May 3.—One of the classic blunders of the present administration is now before the Court of Customs Appeals and a decision is looked for at an early date.

The Court is expected to interpret the meaning of the provision in the Underwood Tariff bill proposing to give a five per cent discount in customs duties on merchandise imported in American vessels. Thus far that clause has failed in its purpose, just as the tariff measure of which it is a part failed to provide adequate revenue.

Enacted October 13, 1913, it failed on its first test, and that test applied too, by the then Attorney General less than 30 days after the bill was signed.

No sooner had the tariff bill been presented to the Secretary of the Treasury for administration than a doubt arose in his mind as to the validity of the five per cent discount provision. He appealed for advice to Attorney General McReynolds, who is now on the Supreme Court bench. The provision was pronounced inoperative.

Acting on this opinion the Secretary of the Treasury issued an order to customs collectors instructing them to make no allowance of discount on duties under this provision.

Importers who had relied on the law appealed to the Board of General Appraisers. Their ruling resulted in further confusion and neither side being satisfied the case was taken to the Court of Customs Appeals, more than a year after the law had passed.

The Democratic Committee report on the five per cent provision defined it as "a discrimination in favor of American shipping designed to build up our merchant marine and keep at home millions of dollars now being paid to foreign vessels to carry our products to foreign markets."

Yet although they fully realized the tremendous importance of this measure which they said involved millions of dollars they lacked the foresight to consult their own Attorney General as to the possibility of enacting it into law. They had a vague idea of what they wanted, adopted a vague method of trying to secure it, and by careless guess work threw the whole matter into the courts.

Furthermore, even if the principle of discrimination had not been questioned by the Attorney General the provision was so clumsily drafted that three different interpretations have been placed upon it. Counsel for the importers claimed one interpretation, government attorneys claimed another and the Board of General Appraisers furnish a third different from all.

During the debate in Congress on this provision, Republican members repeatedly warned the Democrats that, quite apart from its policy, its phraseology was meaningless and should be corrected to become effective.

It was so much breath wasted. The majority stubbornly refused to accept either caution, suggestion or amendment. The result has been that this very important clause has thus far proven mere useless verbiage, except to cause litigation and expense to all concerned. About the only purpose it has served is to emphasize the fact that the inefficient methods of Democratic legislators have made it impossible for them to put even their own ideas into effect.

GRAND JURY INVESTIGATES

Takes Up Cases Against Banks in Hamilton County

Noblesville, Ind., May 3.—Grand jury investigation of the failure of the Farmers' and Merchants' Bank at Cicero. The Hamilton Trust company of this city and the People's State Bank at Arcadia, began today following the summoning of the jurors today by Judge Vestal of Circuit court. All the institutions were closed by Auditor Crittenger after they had either refused or were unable to replace some questionable paper with cash or other security. John F. Neal of this city and George Osborn of Sheridan will assist Prosecutor Guy in the investigation.

"FOURTH ESTATE" TO LEARN A FEW

Journalism Week is to be Devoted to Shop Talk by Newspaper Men in Missouri

CHARLES GRASTY TO SPEAK

(By United Press.)

Columbia, Mo., May 3.—"Journalism week," to be devoted to shop-talk and entertainment of newspaper and magazine men of Missouri and other states began here today. The "week" will last five days.

One of the principal speakers of the meeting will be Charles Grasty of the Baltimore Sun, formerly a Missouri newspaper worker and known throughout the state to newspapermen.

The program is planned as a part of the education of the students of the University's School of Journalism, which daily edits and publishes the University Missourian, a four page newspaper.

MANY CANDIDATES IN GARY ELECTION

Several Men Want to be President of City Council Since City Went Into Second Class

RESULTS IN HOT CAMPAIGN

(By United Press.)

Gary, Ind., May 3.—The scramble among Gary politicians for the newly created office of president of the common council was to end today. The office came into existence May 1, when Gary became a second class city. It was decided to hold the election for that office today and since the announcement here two weeks ago there has been a flurry among the eligibles resulting in hot campaigns.

Among the candidates are Alderman R. E. Rowley, and W. S. Feur, members of the council since this city was incorporated nine years ago. Alderman Richard Houren, leader of the anti-administrationists is said to be one of the most likely candidates.

TODAY'S ODDEST STORY.
Galveston, Tex., May 3.—Hang this up for another Texas record. A pickaninny here has a head just two inches less than a yard in circumference. Medical experts say that's some head for a baby. The only trouble with the child is hydrocephalus (which in United States means water on the brain.) Some diminution in size has followed treatment, but doctors hold no hope for recovery.

MUST KEEP DUST OFF THE STRAWS

State Food and Drug Commissioner Sends Out Circulars Warning Soda Fountain Owners.

OTHER REQUIREMENTS MADE

All Dishes and Utensils Must be Washed by Rinsing in Cold Water, Inspector Says.

Here goes a thrust at the ice cream soda straw. It must go or else consent to be covered up in some suitable container out of the way of all contaminating dust. The order comes from the state food and drug inspector, Dr. H. E. Barnard, who instruct all pure food inspectors and county and city health officers to enforce the order.

A large number of soda dispensers here already have containers for the attractive little straw, but some of the dealers have none, but persist in permitting the straws to go unconfined where they can collect about a ton of germs and dust every half day.

There are a number of other requirements that are set forth in a circular letter that Dr. Barnard has sent to the health officers throughout the state. In speaking of the soda fountain question, Dr. Barnard states: "In order that the sale of ice cream, sodas and soda fountain sundries may be conducted under sanitary conditions and in conformity with the laws of the state, the operators of ice cream parlors and soda fountains are hereby instructed that all such goods may be dispensed only in sterile containers. To this end it is ordered that all soda fountains and ice cream parlors be provided with facilities for washing dippers, glasses, spoons and serving dishes and operated under a number of special conditions."

The first of these special conditions is that there be an adequate supply of pure water. Then all dishes and utensils shall be washed by rinsing in cold water. The use of paper cups and linings will be permitted. By the latter statement it is meant that paper linings, without bottoms, are permitted to be interested in glasses. These fit so snugly that the customer is hardly aware that the same is being used.

Refrigerators at soda fountains shall be kept clean by washing with hot water and soap or with washing powder. Employees of ice cream parlors and soda fountains shall be cleanly in person and dress, free from infectious and contagious diseases and trained in the conduct of their work. All of the requirements enumerated above are well observed by the dealers in this city. Officer Truitt says. There has been more neglect, it is said, in the matter of the little straw.

The last named requirement in the list sent out by Dr. Barnard requests that as soon as empty ice cream, milk and cream cans shall be rinsed in cold water. This means just literally what it says. The can must be rinsed as soon as empty and must not be left dirty for an hour or two.

Much Adler-i-ka Used in Rushville

It is reported by F. E. Wolcott that much Adler-i-ka is sold in Rushville. People have found out that ONE SPOONFUL of this simple buckthorn bark and glycerine mixture relieves almost ANY CASE of constipation, sour or gassy stomach. It is so powerful that it is used successfully in appendicitis. ONE MINUTE after you take it the gasses rumble and pass out. It is perfectly safe to use and cannot gripe.

RUSHVILLE PARTY FINDS RELIEF

New Kidney, Backache and Rheumatism Remedy Proves Itself Locally.

Mr. F. M. Mock of 323 West Ninth street, Rushville, Ind., says: "I suffered with Rheumatism in my hips. My kidneys were in a congested condition and I was bothered continually with sharp, shooting pains across the small of my back. About this time my attention was called to Lloyd's Kidney & Rheumatism Tablets, the new scientific prescription. I got a box and after a few weeks' treatment I noticed the backache had entirely disappeared. My kidneys are in a much better condition and I feel better in every way. I am glad to say a good word for Lloyd's at any time as I got very quick and satisfactory results."

For sale by all good, reliable dealers and at Wolcott's Drug Store. Price 50c. Lloyd Preparation Company, Buffalo, N. Y., Distributors.

EXPECTS WAR TO END MILITARISM

Col. Weaver Former Consul to Vienna Declares Idemnities Will Do Away With Armies

SAYS AUSTRIA IS TO BLAME

Outcome Cannot be Doubted Although Germany May Hold Out a Long Time—Race Question

(By United Press.)

Greencastle, Ind., May 3.—Germany and Austria cannot stand against the whole of Europe. Germany, in the main is responsible for the present European war. Militarism will be destroyed, because Germany and Austria will have to pay such great indemnities they will be unable to maintain their armies. France probably will recover Alsace-Lorraine and Austria will lose Bosnia. Because the Kaiser dominates his party, he and the Prussian military spirit are chiefly responsible for the war.

The above conclusions were drawn today by Colonel James Riley Weaver, former consul-general to Vienna (1879-1895) who is professor of political science at DePauw university. He gave out the following statement today:

BY COL. JAMES RILEY WEAVER Former Consul-General to Vienna

The cause of the war is based on Germany's and Austria's desire to make a way through Salonica for an outlet to the Aegean Sea. Serbia stands in the way. If they get to the Aegean Sea they can interfere with eastern affairs.

"I would condemn Austria for causing the war by putting upon Serbia an impossible demand. Serbia said 'We cannot comply with your demands; it would be contrary to our constitution but if our answer is not satisfactory, let us refer the matter to the Hague Tribunal.' Austria rejected this as an insult and declared war. Correspondence shows that Germany gave Austria a free hand to do as she pleased. Therefore Germany is responsible for, if not the instigator of the war. Germany having prepared for decades for such a contingency was quite ready to go to war. But she was dreadfully disappointed in England's objecting to German violation of Belgium's neutrality.

"The outcome cannot be doubted although at present Germany is fitted for the conflict better than the Allies. The two nations cannot fight all of Europe. Ultimately Germany will be defeated. The outcome is difficult to foresee but probably France will recover Alsace-Lorraine, and Austria will lose Bosnia. Some solution satisfactory to European power will have to be entered into regarding Constantinople. Germany and Austria will be compelled to pay such large indemnities that militarism for the time being, if not permanently will be destroyed.

"The basis for the whole trouble is the military spirit of Germany opposed to the growing democracy of Europe. It is partially a race question, partially a territorial question but essentially a conflict between forms of government—autocracy and democracy. It is not a race-question for strangely enough the Crown Prince of Austria had married a Bohemian wife, although morganatically who was a Slav, and it would seem to be very great folly, would it not, for the individual who shot the crown prince and his wife, to turn against his own nationality?

"I hold the kaiser and the Prussian military spirit responsible whether it be the kaiser himself or his party. Some think that the kaiser could not control the military party and was compelled to give way before it. But he is a vigorous determined man and dictates to his party instead of following its wishes. Would the men who dismissed Bismarck be ruled by a few generals?

"I have fancied that if Germany and Austria can move toward the Aegean Sea, Bohemia which now belongs to Austria would be transferred to Germany. Austria would not gain much but would be pushed by

Germany and Germany is the stronger nation. But it is hardly possible. Austria may possibly lose Trieste, Bosnia and all the Dalmatian coast to Serbia. Germany will lose what was taken from France in 1870. East Prussia likely will be given to Russia as a partial reward, while Germany will have to pay for the destruction of Belgium. Any accident may bring Italy into the war, and if she takes part she probably will regain possession of Trent which was taken from her by Austria."

BIG DAMAGE SUIT IS SET FOR FRIDAY

Malicious Prosecution Case of John R. Brickert For \$50,000 is in United States Court.

IT HAS LOCAL CONNECTIONS

Indianapolis, Ind., May 3.—The case of J. R. Brickert, a Jersey cattle dealer of Fredericksburg, W. Va., for malicious prosecution, against three Indiana financial institutions and two individuals, in which \$50,000 damages is demanded, is set for trial in the United States district court for Indiana here Friday and Saturday. The suit is the outgrowth of the arrest of Brickert in West Virginia and his return here on a criminal charge involving some notes. The plaintiff's contention for damage is based on the fact that the charges were dismissed on the cases of the prosecutor without the case having first been tried. The case will be heard by Judge K. M. Landis of Chicago, in the absence of Judge Anderson, who is ill.

There is a long array of attorneys in the case including Bailey & Young of Indianapolis; Watson, Titworth & Green, of Rushville, and Atorney Fraves of Fredericksburg, W. Va., for plaintiff and Miller Shirley and Thompson; Elam, Fessler and Elam, and Griffith Dean, all of this city.

The defendants are The Farmers Trust company of Rushville; The Farmers Trust company of Franklin, the Greenwood bank, A. B. Irvin of Rushville, R. A. Brown of Franklin and Albert Johnston of Greenwood.

Selling Is MORE than Trading Stock for Money!

Selling is part of the scheme of business. Most anyone can sell once, but selling so you can create permanent customers is selling successfully. That is why we carry the large stock of buggies we have on our sample floor for prospective customers or purchasers to make their selections from. They don't have to take something they don't want, as we carry every style of buggy that there is a demand for. Then after the customer has made his selection from our stock we tell him exactly what the buggy is and it has to be just as we represent it or we make it that way. The customer takes no chances. He is sure to get just what he pays for. ONE sale reduces itself to a confidence game unless the buyer is perfectly satisfied. Satisfaction sends a customer away with a smile that won't come off. That is why our buggy business has grown. We have found out how to hold customers after we get them and every satisfied customer is bound to bring a new customer sooner or later. Right now our stock of buggies is complete and if you are needing a buggy come in and make your selection. We have the style you want and we would be glad to have you for one of our satisfied customers. We know you will be glad when you give us your vehicle business, so do it now.

WILL SPIVEY, At Oneal Bros.

To the Business Men of **RUSHVILLE**

When a good salesman goes out after business, he first puts on a clean collar and gets his shoes shined. Then he looks like more business—and he's made a flying start toward getting it. Likewise, a community can go after more business—and get it. The "clean collar and shiny shoes" of this town are the well-painted stores, the bright, cheery homes, the fresh, clean-looking buildings. The part paint plays in building up local pride cannot be put in figures—but its good effects are recorded on the local merchants' sales sheets. Buy good paint. We recommend and sell

Eckstein White Lead

ONE WEAK SPOT

Many Rushville People Have a Weak Part and Too Often it's the Back

Many people have a weak spot. Too often it's a bad back. Twinges follow every sudden twist. Dull aching keeps up day and night.

Backache is often from weak kidneys.

In such cases a kidney medicine is needed.

Doan's Kidney Pills are for weak kidneys.

For backache and urinary ills.

Good proof of merit in the following statement.

Hiram Whalen, R. R. No. 1, Circleville, Rushville, Township, says: "Doan's Kidney Pills are a fine remedy and we always keep them in the house. I had pains in my back that made it hard for me to straighten after stooping and my kidneys caused me a great deal of trouble. Doan's Kidney Pills stopped the pains and aches and regulated the kidney action."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Whalen had. Foster-Milburn Co., Props., Buffalo N. Y. (Advertisement.)

TRIAL POSTPONED TODAY

Cases Against Five Republicans go

Over Until November.

Indianapolis, Ind., May 3.—The election corruption conspiracy trial of Roy Shattuck, defeated Republican candidate for congress in the fifth Indiana district, and four Terre Haute Republicans was today postponed in federal court until the November term on motion of District Attorney Dailey, who said there was a rush of other court business.

ASKS VIEWERS TO APPRAISE LAND

Fairview Burying Association Files

Petition to Get Possession of Adjoining Ground.

SIMILAR CASE FAILED ONCE

The Fairview Burying Grounds association filed a petition this afternoon in the circuit court asking that the court appoint three viewers to appraise some property owned by mery M. Vandeventer, Bernice Vandeventer and Mary Durbin. The Fairview company desired the land owned by the defendants for an addition to the cemetery there and the complaint states that a satisfactory agreement regarding the sale of the land cannot be reached.

The court is asked to appoint 3 viewers from Union township to make the assessment. The suit is brought by the trustees of the cemetery association, Edward Dolan, Michael Brown and S. J. McClure. It is claimed that the defendants now own a small piece of ground as a private burying ground and that it adjoins the Fairview cemetery. A similar suit filed last year against John P. Smelser failed when the cemetery association refused to pay the price as fixed by the appraisers.

TERM OPENS WITH DAMAGE SUIT TODAY

Case of C. A. Fletcher et al. for \$2,000 Occupies Attention of Court and Jury First Day.

WAS SENT HERE FROM HENRY

The May term of the circuit court started this morning with a jury hearing the case of Charles A. Fletcher and Lethia Fletcher against the Union Traction Company of Indiana for damages in the sum of \$2,000.

The case was sent to this county on a change of venue from Henry county. The plaintiffs operate a taxicab company in Newcastle and the suit is based on an accident at the corner of Indiana avenue and Twelfth streets, Newcastle, in which it is alleged that a taxicab was damaged beyond repair when hit by a traction car. The accident occurred on November 10, 1193.

The jury trying the case is as follows: W. P. King, J. P. Bales, L. M. Kuhn, Willard Myers, Alba Hodges, D. C. Aldridge, Leroy Lines, J. F. Bussell, J. E. Wynn, Mauzy Bebout and E. J. Farthing.

REV. S. L. LYONS DIES.

(By United Press.) Indianapolis, May 3.—The Rev. Samuel L. Lyons, for many years pastor of the Reid Memorial Presbyterian church in Richmond, Ind., died in the Robert Long hospital here today of heart failure. He was one of the best known ministers in the state.

A HUNG JURY.

(By United Press.) Trinidad, Colo., May 3.—Eleven to one for acquittal with the lone one standing steadfastly, was the situation at noon today in the jury which had considered the case of John Lawton, labor leader, charged with murder, since Saturday night.

DEFENSE SPRINGS SURPRISES TODAY

Correspondent Says Barnes Told

Murphy For Democrats to Get Own Chesnuts From Fire.

REFERRED TO PRIMARY BILL

(By United Press.) Syracuse, N. Y., May 3.—Boss Murphy asked William Barnes to help defeat the direct primary bill enacted during Governor Dix's administration and Barnes said he would let the Democrats pull their own chesnuts out of the fire," according to testimony today on the defense side in the \$50,000 libel suit. The testimony—that of a former newspaper correspondent—was one of the three big surprises sprung by the defense today.

Another correspondent told how Barnes was disgusted with Governor Hughes for favoring the anti-race track bill and that Barnes said that he and Hughes could not agree because Hughes cared more for his conscience than votes.

The third surprise was production by the defense of a big batch of correspondence between Senator Platt and Barnes to be read this afternoon.

LEWISTON CELEBRATES.

(By United Press.) Lewiston, Idaho, May 3.—In honor of the opening of the 8 1-2 mile Dallas-Celilo canal, which for the first time will permit uninterrupted navigation of Columbia and Snake rivers from Pacific ocean to Lewiston, a distance of 497 miles, and to the Priest Rapids, in the Upper Columbia, 450 miles, a huge celebration was held here today.

Thousands of visitors were here. A committee of senators and congressmen, representing the U. S. government, and the governors and committees from the legislatures of the Pacific northwestern states, added dignity to the occasion.

BRICK MEN TALK PRICES.

(By United Press.) Fort Worth, Tex., May 3.—Whether the already H. C. of L. shall be further boosted by making it more expensive for the ordinary man to get his bricks is the subject which the state brickmakers' association was slated to discuss today. They intended to register a protest against a raise in state freight rates on their commodity.

AUTO SHOW A SUCCESS.

The automobile show given in Carthage under the auspices of S. L. Newsom attracted a large crowd. A public demonstration was given of several makes of cars handled by Mr. Newsom. A band concert was given in the afternoon.

FOR RENT—New 5 room cottage North Maple street. Phone 1726. 4316.

VOTES ON LOCAL OPTION.

Goshen, Ind., May 3.—The dries went to the polls today in an attempt to demonstrate that since 1913 they have gained more than thirty-two votes on the wet element. The election today followed the stiffest sort of a campaign on both sides, due largely to the close result in 1913 when the wets won by thirty-two votes.

ROADS ASK THROUGH RATES.

Cincinnati, May 3.—The Interstate Commerce Commission today will hear the request of several Eastern and Southern railroads for authority to charge through rates from Buffalo, Pittsburg and Central freight association territories to points south of the Ohio river and east of the Mississippi via Ohio river crossings.

GOSHEN VOTES TODAY

Goshen, Ind., May 3.—Since Elkhart, which is in the same county, has voted wet by a reduced majority the dries were of the opinion that this city would vote to oust the eleven saloons at today's election. The wet conceded nothing. They declared Goshen will stay in the wet column for business reasons. The saloon arguments are that if Goshen votes dry, then business will be diverted to Elkhart which is only a few miles away. The wet majority here two years ago was only 32 votes.

John M. Perry has filed suit to foreclose a mechanics lien against Joel Palmer and Lulu Palmer.

Mrs. W. M. Miller is seriously ill at her home northeast of the city.

Charles Moorman of West Seventh street, is seriously ill, suffering from a carbuncle on the back of his neck.

The drop curtain and stage scenery for the stage of the new Graham Annex auditorium arrived here Saturday morning. Expert workmen from Chicago were expected to begin the work of installing the fixtures today.

The Sampson Poultry Company of Arlington moved today to Morris-town. The controlling interests are owned by Orville D. and D. D. Sampson. Oakley Sampson, formerly of the firm, will conduct the business himself in Arlington.

MASONIC WORK.

Phoenix Lodge No. 62, F. & A. M., will have work in the M. M. degree Tuesday evening, beginning at 7:30. All members are urged to be present.

PREPARING TO BE HOSTESSES

Rushville Federated Club Women
Arranging to Entertain 400
Guests at District Convention.

TO BE HELD HERE MAY 20-21

Approximately 100 Will be Here
Over Night and Committee on
Housing Asks Co-Operation.

Mrs. Guy Abernethy, county chairman of the women's federated clubs has written to the women's club presidents of the sixth congressional district to learn how many guests may be expected here for the annual Sixth District Federation of Women's Clubs, which will be held in Rushville Thursday and Friday, May 20 and 21, preparations for which has occupied the attention of Rush county club women for several weeks.

Early expectations are that there will be at least one hundred club women from over the district here the first day, who will remain over night for the second day's program, and that there will be between three and four hundred at the second day's session.

It becomes quite a task for the housing committee to make arrangements for one hundred women over night and it is requested that Rushville people assist the committee through its chairman, Miss Alice Norris, in every way possible. The first and most important request of the county chairman, made today, was that every person who has invited a person for the federated club meeting notify the chairman of the housing committee so that the committee will not duplicate. This request is urgent because it is desired that the committee not have to make preparations for guests and then learn that they are already cared for.

The county chairman emphasizes the fact that each and every session of the meeting is open to everyone and that a large attendance of the people of Rushville is urged. Any persons who wish to learn some of the minor details of the meeting are requested to see Mrs. Abernethy.

Invitations have been sent by Lena Haworth Stivers, of Liberty, secretary-treasurer of the district federation, to the seventy-nine clubs in the district. They have a combined membership of thirteen hundred, but not over a fourth of the district membership is expected here.

All sessions will be held in the auditorium of the new school building, the Graham Annex. It is stated that there is no doubt but that the auditorium will be completed in time for the club meeting. This will probably be the first public gathering in the auditorium.

The first session will be held Thursday afternoon at two-thirty o'clock. The time will be occupied with a condensed report of all of the activities of the sixth district federation. There will also be an address at this time by Miss Vida Newsom, of Columbus, president of the State Federation of Women's Clubs. Mrs. Walter Saxon of Falmouth will be a speaker at the afternoon meeting.

The program is not ready for printing yet, but will be in a few days. Most of the things, however, which will occupy the time of the eighth annual convention, are arranged for already. The convention will be formally opened Thursday evening at seven-thirty o'clock. What is considered the chief address of the session will be given Thursday night by Mrs. Felix McWhirter, of Indianapolis, on the

Continued on Page 2.

TWO VEHICLES COLLIDE

Auto and Motorcycle Meet Head-on
at Street Intersection.

An automobile driven by Samuel Newhouse and a motorcycle ridden by Chester Taylor collided yesterday afternoon at the intersection of Main and Second streets resulting in slight damage to both machines. Mr. Newhouse was driving north in Main street and Taylor was turning south in Main from East First street. They both pulled in the same direction and collided. The machines locked and headed for the sidewalk, crashing into a pedestal lamp. One of the fenders of the auto was bent but the motorcycle was not damaged.

BRIDGE CONTRACT IS AWARDED TODAY

Commissioners Also Hold Secret
Session With Council, Possibly
to Discuss New Infirmary.

LATTER BODY NOT CALLED

The county commissioners at the regular session today awarded the contract for the construction of the Mart Creek bridge to the Central States Bridge company, for \$618. The bridge is a small one but seven different firms wanted the job. The Central States company was the low bidder. Other bids were as follows: Lawrence and Ennie, \$687; Burk Construction company, \$649; Karl A. Kennedy, \$795; Franklin D. Miles, \$689.50; Haymond & Howard, \$633 and Marshall Buell, \$785.

The usual claims were allowed at the meeting today. The commissioners and the county council held a secret session this forenoon, but nothing was given out as to what was done. It is supposed that they were talking over the appropriation for a new building at the county farm. The council meeting was not official as the members were not called together, according to law.

SNEAKS IN AS WOMAN ANSWERS THE PHONE

Thief Steals Pockethook Containing
\$23 From Home of Mrs. Rice
Hines Saturday Night.

SAYS SHE KNOWS ROBBER

While Mrs. Rice Hines, colored, was answering the telephone at her home in North Sexton street Saturday night, a burglar slipped in the front door and took her pockethook, containing \$23, from a table in the front room. Mrs. Hines states that she saw the man on the front porch and had started to the door when the phone bell rang. She decided to answer the phone first and then go to the door.

She went to the telephone and returned in time to see the man running from the house. Mrs. Hines states that she knew who stole her money and that the man took a late car to Indianapolis. The matter was never reported to the police and no arrests are expected.

ADDRESSES UNION MEETING.

James E. Watson addressed a union meeting of the churches of Liberty last night.

RESPECTS TO BE PAID TO MOTHER

Next Sunday Will be Her Day and
Preparations Are Being Made
Generally to Recognize it.

WAS ORIGINATED IN 1908

Observance Will be Accompanied by
Wearing of Flowers, Which are
Always in Big Demand.

Rushville and Rush county will do reverence and pay respects to mother next Sunday for on that day, the second Sunday in May, Mothers' day will be duly observed all over the land.

Preparations are being made already for the day. It will be recognized by many of the churches and ministers are preparing special sermons on the subject. This is true of Rushville as well as other points in the county.

Originated in 1908 by Anna Jarvis of Philadelphia, the celebration of the day was extremely simple. If one's mother was living colored flowers were worn, if the mother was dead, the flowers were white. Now the observance has become much more elaborate. It is one of the "big days" of the year.

Attention is being directed more and more to the mother who is still in the home. On this day, if on no other, she is the recipient of gifts and flowers and the man or woman seen wearing a white flower is the object of deep sympathy, for the white flower is the symbol of the mother who has passed away.

Last year on Mothers' day all the local florists were swamped with work. At first the people were particular, then as time went on, they would buy anything just so it was a flower. Before the appointed day many of the florists were sold out. This year the florists are making every preparation to supply the demand. There will be immense quantities of flowers of every variety on hand, and put up in countless ways, bouquets, baskets, boxes, etc.

The flower is the greatest demand on this day is the carnation. This is because the carnation is the best flower for wearing purposes. There is, however, a great demand for flowers of all sorts. It is believed Mothers' day will be an occasion which stores of all kinds will make much of.

It is probable that Governor Ralston will issue a proclamation officially setting the date as Sunday, May 9.

MARY M. DIXON IS DEAD

Widow of Late George W. Dixon Ex-
pires Sunday Afternoon.

Mrs. Mary M. Dixon, 69 years old widow of the late George W. Dixon, died Sunday afternoon at 3:45 o'clock at her home 525 West First street. Mrs. Dixon had been in failing health for some time and had been seriously ill for the past two weeks. She is survived by two daughters, Mrs. Anna Butts and Mrs. Martha Earhart. The funeral services will be conducted Tuesday afternoon at the Salvation Army church by the Rev. Mr. Wainwright. Burial will take place in East Hill cemetery.

An eight pound girl was born to the wife of Ralph Miles this afternoon at their home near Ruleigh. Mrs. Miles was formerly Miss Lorene Smith, of this city.

TO DO SERVICE FOR HIS PEOPLE

Modern Man of God Who Denounces
Fashionable Sin is Doing Ser-
vice for His Generation

SERMON BY A. D. BATCHELOR

Speaks on Subject "Why Ministers
Are Sometimes Hated" at St.
Paul's M. E. Church

Taking for his subject "Why Ministers are Sometimes Hated" the Rev. A. D. Batchelor preached a sermon at St. Paul's M. E. church Sunday night, in which he asserted the man of God of today who denounces high and fashionable sin is really doing his generation a service. The text was: "I hate him because he never prophesied good unto me." The minister said in part:

"This is a reference to the prophet Micah. Ahab hated him because he dared to tell this wicked king the truth. Men whose responsibility it is to speak the truth are usually disliked by the evil doers whom they must reprove. It was the function of the prophet to speak frankly and sincerely, to be uninfluenced by any human consideration. Micah said, 'As the Lord liveth, even what my God saith, that will I speak.' He felt that he was responsible to God and that his words should be true to God. This is true of every man who sincerely ministers at God's altar. He feels that he has no right to trim the truth to suit his hearers. If he is loyal to God he cannot condone the sins of men with words of equivocation.

"Prophetic preaching provokes opposition. Wendell Phillips was hanged at Faneuil Hall. William Lloyd Garrison was cast into prison. Martin Luther had to face an opposition more fierce than the wild beasts at Ephesus. Spurgeon said, 'We are allowed to denounce the sins of the man-in-the-moon, but as to the vices of this city of London, if we put our finger on them in God's name, then straightway one cries, 'It is indelicate to refer to these things!' What is the world coming to when assumed proprieties are to take place of God Almighty's truth? By what law are men even forbidden to be personal in the denunciation of sin? Micah and Elijah both rebuked Ahab. John the Baptist rebuked Herod. Nathan said to David, 'Thou art the man.' If men will not apply the truth to themselves it is the business of the preacher to apply it for them.

"Opposition to plain preaching is unreasonable. Men ought rather to be angry with their faults than with those who have the courage to tell them of their faults. Ahab said to Elijah, 'Hast thou found me, O my enemy?' Elijah was not an enemy of the king. He was only hostile to the king's sins. Personally he wished his Royal Majesty well. He was working for his welfare in pointing out his sins. No minister is an enemy to those he addressed plainly and pointedly. He is their best friend. He is trying earnestly to get them out of the way of their sin and folly. Herod did not take it kindly when John the Baptist rebuked him. But John was really doing him a service. Also the modern man of God who denounces high and fashionable sins is trying to do his generation a service. It is as unreasonable for them who know the truth to oppose him as it was for Herod to cut off the head of John the Baptist.

"Moreover, the man who resists plain and pointed preaching gives himself away. He betrays the fact that the truth has had too close application to him.

SHOWS INCREASE OF FIGHT

Report on School Enumeration in
the City is Made.

The school enumeration for the City of Rushville shows a slight gain over last year, according to the figures filed with County Superintendent George. The enumeration this year shows a total of 1,298 persons of school age in the city as compared to 1,290 last year. The enumeration was taken this year by Mrs. W. O. Hendlee. The complete figures on the enumeration in the county are not yet obtainable as all of the trustees have not reported. All of the work is complete and reports will be in the hands of the county superintendent in a few days.

SENTENCE OF 1 TO 8 YEARS INVOKED

Jesse Easley is Sent to Prison on
Old Charge When Two New
Cases Appear Against Him.

THE FIRST ONE SUSPENDED

Judge Sparks this afternoon revoked the sentence of Jesse Easley, colored, and he will be taken to Jeffersonville Tuesday morning to begin serving a term of from one to eight years for petit larceny. Easley was out under suspended sentence, and the sentence was inflicted at this time because of his arrest a few weeks ago on two charges filed by Gip Martin.

Martin alleged that Easley drew a knife on him and also charged him with carrying deadly weapons. No action was taken on these cases and the court sent Easley to prison on the old charge. Deputy Sheriff Sullivan will take him to Jeffersonville tomorrow. His first offense was the theft of a watch.

NO RUSH ON LAST DAY FOR TAXPAYING

Up to This Morning \$268,069.53 Had
Been Paid on Spring Install-
ment—\$25,000 Expected Today.

THURSDAY THE BIGGEST DAY

The last chance for paying the spring installment of taxes today was not characterized by the usual rush at the county treasurer's office. It was estimated at the treasurer's office that about the usual per cent of the taxes on the books would be paid during the spring. It stated a few days ago that the taxes to be collected would amount up to nearly \$320,000, but it was said today it had been found that was a bit too high and that the spring installment would not amount to much over \$300,000.

Up to this morning \$268,069.53 in taxes had been paid on the spring installment and it was expected at least \$25,000 would be paid today. Saturday the collections amounted to \$17,738.72. Last Thursday was the biggest day of the period when \$24,400 was paid in taxes.

USE ASPHYXIATING GAS.

Paris, May 3.—The Germans are again using their asphyxiating gas in efforts to gain ground north of Ypres. This was declared by the office today. It was added that the Germans had failed to gain ground by this means.

NOTIFIED TODAY OF LOSS OF SHIP

State Department Receives Message
From Consul, Saying Captain
Died of Heart Failure.

TORPEDOING OF GULFLIGHT

German Embassy; Always Ready to
Defend Kaiser, Silent on Late
Case and that of Cushing.

(By United Press.)

Washington, May 3.—The state department this afternoon received its first official notice of the torpedoing of the American tanker, Gulflight, by a German submarine, off the Scilly Islands.

It was contained in a cable from American Consul Stephens, Plymouth, England.

"American tank steamship Gulflight torpedoed off Scilly first instance," said the message. "Captain died of heart failure. Body landed. Two of crew drowned. Thirty-four saved. Vessel afloat. Patrol boats attempting to tow her into Scilly."

The state department today faced perhaps the gravest situation since the European war began. Its own officials admitted this.

The German embassy, usually prompt to defend the acts of the kaiser's land or sea forces, declined comment or explanation concerning the bombing of the American steamship Cushing by a German aviator near the Dutch coast last Thursday or the Gulflight attacks.

Secretary Bryan was non-communative. He announced that the state department had forwarded the formal account of the attack on the Cushing. The department seemed as much perturbed concerning the Cushing as over the case of the Gulflight. The Cushing's name appeared so plainly on its side and so conspicuous were the marks of its nationality, it was said, that the attack was particularly hard to excuse, in the view of officials.

For the torpedoing of the Gulflight, on its way to the French port of Rouen with an oil cargo which the Germans were naturally anxious to prevent reaching the enemy, it was felt some excuse might be made—though not for the vessel's destruction which was responsible for the loss of American lives.

Concerning the Cushing, it was stated that Ambassador Gerard had been directed to request a full investigation to determine whether the aviator's action was upheld by the foreign office, and if so, for an official explanation.

Minister VanDyke was also instructed to get all possible details of the incident of the American consul at Rotterdam.

President Wilson arrived in Wash-

THE LOST DAY

"FRIENDS we have lost a day."

Such was the comment of one of the constructive kings of France when his councillors' reports showed lack of accomplishment.

The merchant or manufacturer who fails to get his message before the buyers of this city, through the advertising columns of this newspaper, can re-echo the sentiment.

Each day there is no advertising for you is a day that represents a loss of possible business.

Why lose any day?

Your Floor Coverings and Draperies

House cleaning at hand is suggestive of needs in Floor Coverings and Draperies. Every person of right mind is interested in anything that will add beauty and real attractiveness to the home.

Do you know that we can be of vital assistance to you along these lines? As we do not carry in our stock yardage in carpet, it enables us to give our entire time and attention to the essential details of our attractive Rug Department. We have Rugs in all sizes from the small door-mat to the 12 x 15.

They are Velvets, Body Brussels, Axminsters, Tapestries and Wool Fibres. Their designs are most pleasing and harmonious color blendings and their quality of highest value and softest finish.

We can assist you in fitting up or matching up—that's our business.

Also ask us to show you our Linoleums, Matting, Fillers, Floor Oil Cloths, Lace Curtains, Scrims, Silks and other Draperies. You will be glad you did.

PREPARING TO BE HOSTESSES

Continued from Page 1.

subject, "The Feminist Movement."

On the morning of the second day, Mrs. Virginia Meredith, of Cambridge City, will conduct a question box. Indications are that this will be one of the best things of the convention. On the last day Mrs. E. K. Montgomery, of Shelbyville, will speak on the topic, "The Blind People" and on afternoon of that day there will be an address on the subject, "Public Health and Public Nursing" by Mrs. W. W. Thornton. Mrs. Aug of Greencastle will talk of "Home Economics" on the closing day. Business will be transacted at the session at nine o'clock Friday morning.

Splendid music is being arranged by the committee in charge. Rushville has always been proud of its so-called home talent and the club women are arranging a program that will be a most delightful surprise to the visitors. Among the musical numbers will be the appearance of the high school glee club which is practicing for the occasion now. All of the well known soloists have consented to sing.

The following chairmen of important committees have been announced: Mrs. Roy Waggoner, finance; Mrs. Minnie Abernethy, to make arrangements for luncheons; Mrs. Henrietta Coleman, to prepare for the reception at the home of Mrs. James E. Watson Thursday afternoon at four-thirty o'clock; Miss Alice Norris, entertainment; Mrs. Vern Norris, to meet trains; Mrs. Charles Parsons, automobiles; Mrs. Virgil Binford, ushers; and Miss Jennie Madden, music.

WANTED—place to do general housework in Rushville by young lady. Address P. O. box 93. Arlington. 4313

WARNS AGAINST STORM DAMAGE

State Fire Marshall Urges Farmers to Beware of Lightning Because Season For it is Here.

75 PER CENT IN THE COUNTRY

Many Fatalities From Fires Which Might Have Been Prevented Reported in the State.

Warning to farmers at this time of the year to beware of lightning, is being given by the State Fire Marshall's department. The spring showers, so welcome to the agriculturalist, often become electrical storms that mean fire and destruction to the exposed farm buildings. Seventy-five per cent. of all lightning losses are in the country.

Lightning did less damage in 1914 than perhaps in any recent year in Indiana, owing to the few severe electrical disturbances, and also to the generally increased equipment of buildings with lightning rods. There were only four hundred and forty-three lightning losses in the State during last year as compared with one thousand and six in the preceding year.

Evidence gleaned from investigations in the State Fire Marshall's department shows that the lightning rod properly placed is certain protection. Only seven buildings equipped with rods were struck during 1914. In these seven instances, however, investigation by assistants showed the rods had been up a long time without attention or were properly grounded. In one or two instances lightning entered buildings over telephone wires.

It is interesting to note that during the year two authorities after investigations reported favorably on the use of the lightning rod. They were Prof. W. H. Day, of the department of physics, Agricultural College, Ontario, Canada, and Prof. J. Warren Smith, of the United States Weather Bureau.

Were mothers and nurses properly watchful of children, the deaths of little ones by fire during 1914 would have been reduced more than fifty per cent. Of twenty children burned while playing with matches or about hot stoves, according to the fire marshal's report.

Adults fatally burned, numbered forty-seven. Of these fifteen were burned in dwelling or lodging house fires. Nine perished as a result of gasoline explosions and six because of kerosene explosions. One hundred and twenty-eight adults and thirty-seven children were badly burned.

The fire marshal is grappling with a mystery, introduced into the department by a down state assistant. Under the form question as to the origin of the fire reported the cause is given as "A fireless cooker." What the fire marshal would like to know is what sort of a fire could be kindled by an agent obviously "fireless" and the modus operandi thereof.

NOTIFIED TODAY OF LOSS OF SHIP

Continued from Page 1.

ington from Williamstown, Mass., at 9:50 a. m. today. He went at once to the white house. He was told at New Haven of the torpedoing of the American tanker Gallit, but would not comment on the incident.

KNIGHT TEMPLAR NOTICE.

Rushville Commandery No. 49 K. T. will hold their regular stated convocation on Wednesday evening at 8 o'clock. This meeting will be very important as all arrangements will be made to attend the Grand Commandery on May 12th and all Sir Knights that expect to attend are requested to be present.

Notice to Non-Resident.

The State of Indiana, Rush County. In the Rush Circuit Court, February Term, 1915.

Charles Bridges vs. Elmer B. Stewart. Complaint No. 470.

Now comes the plaintiff, by Albert C. Stevens, his attorney, and files a complaint herein, together with an affidavit that said defendant is not a resident of the State of Indiana; that said cause is an action on a judgment secured in the Court of the Municipal Court of Chicago, in the State of Illinois; that the object of said action is to enforce satisfaction of a judgment; and that said non-resident defendant is a necessary party thereto.

Notice is therefore hereby given said defendant, last named, that unless he be and appear on the 35th judicial day of the next term of the Rush Circuit Court, to be holden on Friday, June 11th, A. D., 1915, at the Court house in Rushville in said County and State, and answer or demur to said complaint, the same will be heard and determined in his absence.

Witness my name and the seal of said court, affixed at Rushville, this 17th day of April, A. D., 1915.

(Seal) ARIE M. TAYLOR, Clerk.
Apr 19-26 May 3-10

Green will be the leader. There will be a discussion of children at worship in China and Japan by the society and a discussion of the subject, "The Red Man as Teacher and Learner" will be the feature of the program.

Amusements

The Princess offers the famous play "The Fifth Commandment" in five acts for the program tonight. Julius Steger, the well known author and actor is featured. The story, replete with heart interest, is based on his famous vaudeville offering of the same title with which he scored a remarkable success. The picture is gorgeously staged and the settings are said to be very beautiful. "The Fifth Commandment" is said to be a fine picture and is a real feature. Music tonight by the Princess orchestra. Tomorrow night Helen Gardner will be shown in the feature "The Still Small Voice."

The Gem will show a two reel feature "An Oriental Romance" for the first picture tonight. King Baggot and Arline Pretty are featured. It is said to be a thrilling drama telling a novel story. The other is a comedy entitled "It Might Have Been Serious." Jack Dillon and Billy Rhodes are featured. Tomorrow matinee and night the final episode of "The Master Key" will be shown.

The Mystic offers a two reel drama "The Secret Formula" for the first picture tonight. Dorothy Davenport is featured. It is said to be a thrilling drama telling a fine story. The other picture is a comedy "Have You Seen the Girl?" It is said to be a very funny picture. Tomorrow night a two act drama featuring Lucille Young will be shown.

Arthur Hammerstein, who has given to the American stage the two operettas, "Naughty Marietta" and "The Firefly", which set a new pace in musical entertainment, combining the rush of musical comedy with the interesting intrigue of a comic opera, has rounded out a magnificent trio with "High Jinks", booked to appear at the Murat for a return date, four

performances only, May 3-4-5 with popular price matinee, Wednesday May 5.

Otto Hauerbach, librettist of "Three Twins" "Madame Sherry" is author of the book and lyrics of "High Jinks". The music is by Rudolf Friml, former pianist for Jan Kubelik, and composer of the score of "The Firefly."

The plot of "High Jinks" is set in motion by a magic perfume which has the property of making everybody, no matter how melancholy, wildly hilarious. The perfume is the discovery of an explorer, who communicates its secret to a friend, Dr. Thorne, a nerve specialist, practicing in Paris. The doctor tries the perfume on one of his female patients who becomes so joyous that she throws her arms around his neck and hugs and kisses him ardently. The woman's husband, a spit-fire Frenchman, is a witness of the scene, and demands as satisfaction for the injury that the doctor shall deliver to him his own wife to be hugged and kissed after the manner of the recent adventure. The doctor promises, but engages a young and

pretty actress to impersonate Mrs. Thorne. With her he goes platonically to a watering place, and the Frenchman follows them. Here ensues some pretty lively adventures treading their way through a maze of mistaken identities.

The music of "High Jinks" is said to be as lively and catchy as the plot. The features of the score is a song "Something Seems Tingle-Ingling," repeated frequently throughout the course of the performance. As soon as this melody is started the whole stage breaks into a frenzy of joy. Other attractive numbers in the rich score are, "Jim," "Love's Own Kiss," "I'm Through with Roaming Romeos," "Chi Chi," "Not Now, But later," "Come Hither Eyes," "I Know Your Husband Very Well," and Dixiana Rise."

A large and richly gowned chorus of the prettiest girls ever brought out of New York, is a lively feature of the entertainment. They change costumes frequently to fit into the shifting stage pictures first showing a beautiful garden just out of Paris and later the scenes around a fashionable French bathing resort.

HOOSIER HISTORY
 (Prepared by the United Press
 from Records in State Library.)
 The first institution to be founded
 in the state after its admission into
 the Union was the state prison at
 Jeffersonville. This was in 1821—
 five years after Indiana became a
 state.
 The last institution to be estab-
 lished by the state was the State
 Penal Farm, near Greencastle. Its
 establishment was authorized at the
 1913 session of the legislature.
 Between 1821 and 1913 there have
 been organized sixteen benevolent
 and correctional institutions.

SECOND ROAD
SCHOOL FIXED
 Purdue University Announces Event
 For Lagrange Similar to One.
 Held at Evansville.
WEDNESDAY AND THURSDAY
 Last Day Will be Devoted to Con-
 struction of Model Section of
 Gravel Road.

The Highway Engineering Depart-
 ment of Purdue University is to hold
 a district Road School at LaGrange
 on May 5 and 6th. It will be similar
 to the first one held at Evansville
 last week.
 The theoretical part of the in-
 struction will be given at LaGrange
 on the first day. J. H. Dodge, an ex-
 perimented Road Superintendent of
 the United States Office of Public
 Roads, will assist in the work. Mr.
 Dodge will spend some time previous
 to the school in inspecting typical
 Indiana roads in order that his talk
 may have special reference to the
 work in this state.
 Prof. W. K. Hatt, Head of the
 School of Civil Engineering of Pur-
 due University will outline the re-
 lations between Purdue University
 and the public works of the state.
 He will tell what Purdue hopes to do
 to improve road conditions.
 Prof. Geo. E. Martin, of the High-
 way Engineering, Purdue University,
 will give special attention to the con-
 struction and maintenance of gravel
 and earth roads. A full size model
 of a road drag will be used to illu-
 strate the points of his talk.
 Thursday, May 6, will be devoted
 to the construction of a section of
 gravel road. This road is located
 a mile south and two and a half miles
 west of LaGrange. Plans have been
 made by the Highway Engineering
 Department of Purdue University
 and the entire work of building a
 model section of gravel roads will
 be done on that day. There will be
 automobiles to carry visitors out
 to the road from LaGrange.

WAR ODDITIES
WHY WAR WAS STARTED.
 Shanghai, April 14.—A summary
 of events leading up to the war that
 is somewhat more correct in its
 facts than in its rhetoric and gram-
 mar is published in L'Echo de Chine,
 a French journal edited by a young
 Chinaman. Translated literally, it
 reads:
 "Now there is a great battle in
 Europe. This began because the
 Prince of Austria went to Serbia
 with his wife. One man of Serbia
 killed him.
 "Austria was angry, and so wrote
 Serbia.
 "Germany write letters to Austria.
 "I will help you."
 "Russia write letters to Serbia, 'I
 will help you.'
 "France did not want to fight, but
 they got ready their soldiers.
 "Germany write letters to France.
 "You don't get ready, or I will fight
 you in nine hours.
 "Germany to fight them, pass Bel-
 gium.
 "Belgium say, 'I am a Country! I
 am NOT a road.' And Belgium
 write letter to England about Ger-
 many, to help them.
 "So England help Belgium."

SENT HERE TO
GET EDUCATION
 Fifty Vivacious Senoritas in New
 York to Study and Will Impart
 Knowledge to Mexicans.
WERE SENT BY GEN. CARRANZA
 Board of Health Has Placed Ban
 on the "Hot Dog" and Pink
 Lemonade at the Beaches.

BY CARLTON TEN EYCK
 (Written for United Press.)
 New York, May 3.—Fifty vivacious
 señoritas who never before had
 known aught of lands beyond the
 borders of their Native Mexico, al-
 most succeeded in disturbing the
 equilibrium of Broadway in the
 vicinity of the Flatiron building, a
 vicinity usually avoided with great
 and specific particularity by the fair
 The fifty innocent maids are here to
 study the schools of the gringo
 woman at the suggestion of General
 Venustiano Carranza, who would en-
 lighten that part of his country
 surviving his ultimate establishment
 in the presidential chair.
 Carranza is the idol of the Mexican
 women, because he is their friend.
 In proof they cite the sending of the
 fifty to New York to bring back
 knowledge to the coming peaceful Re-
 public. They were chosen from every
 rank and grade of Mexican society,
 with a view only to their intelligence,
 it is asserted. But those who saw,
 and remembered axioms pertaining
 to beauty and intelligence shake
 their heads.
 Five girls preceded them and
 now are acting as guides. In three
 years' time they say, Mexico is due
 for a great educational awakening.
 Some of the señoritas already pos-
 sess ample education, but are anxious
 to spread it. Of the boys, several
 will study domestic science as taught
 in New York schools. A few will
 train for high school teaching. All
 will try to learn how the American
 girl is taught.
 About the only thing feminine that
 arouses more than passing interest,
 is the suffragette, and pretty Miss
 Maria Martinez, a leader of the party
 hastily disclaimed attachment to
 that principle, talking for them all.
 She added that the Mexican woman
 is fifty years behind her American
 sister and that Carranza's idea is to
 introduce the fundamentals. This
 country was chosen, she said, be-
 cause its spaces and contour in sec-
 tions, are like those of Mexico.
 When the pioneers have completed
 their studies here, they plan to tour
 Mexico in special trains, imparting
 knowledge to rural districts. The
 future of Mexico, she said, lies in
 her women.

The high cost of snowstorms is a
 problem that annually adds a few
 gray hairs to the head of Commis-
 sioner Fetherston, and when he woke
 to view the Easter flurry, he felt
 that insult had been added to injury.
 Commissioner Fetherston has in-
 troduced some new methods and they
 work satisfactorily, but when it be-
 came necessary to present to Com-
 ptroller a bill for \$56,000 much of
 his satisfaction was blighted. This
 went to pay 21,000 men, all who re-
 sponded to a call for 36,000. Con-
 tractors will collect \$26,000 more,
 making the cost of a belated snow
 storm to the city \$82,000.
 No more will the succulent "hot
 dog" and the alluring pink lemonade
 add to the enjoyment at the beaches.
 The Board of Health has placed
 the official ban on both and forty in-
 spectors will be there to enforce the
 ruling. Hereafter, the frankfurter,
 the popcorn box, hokey pokey ice-
 cream, soft drinks and everything
 worth while are to be subject to in-
 spection and New Yorkers are going
 to know what they are eating and
 drinking for their nickles. All of
 which should prove healthful, al-
 though we know of few casualties in
 the past attributed to the delicacies.
 "Blame it on the war is the ten-
 dency of the day, but it remained
 with Fire Commissioner Robert
 Adamson to add incendiary fires to

the things for which Europe is said
 to be responsible.
 The Commissioner said that the
 financial depression caused by the
 fracas of the foreigners obviously
 was the cause of numerous incen-
 diary fires, inasmuch as the number
 of them has increased out of all pro-
 portion to the figures of other years.
GERMAN OPERATION
ADMITTED SERIOUS
 Grand Duke Nicholas Sends Strong
 Force of Russians to Meet the
 Enemy's Advance.

ARE TWO PURPOSES IN VIEW
 Petrograd, May 3.—For the first
 time the Russian war office today ad-
 mitted that the German expedition
 toward the Russian Baltic provinces
 is serious. The Germans are co-
 operating by land and sea. Detach-
 ments of German cavalry, supported
 by an automobile detachment and
 mounted infantry, are overrunning
 Shudli region. Patrols of the enemy
 have been reported near Libau and a
 squadron of German torpedo craft is
 operating along the Russian Baltic
 coast and has penetrated the coast
 of Riga.
 Grand Duke Nicholas has sent a
 strong force of Russians to check the
 German advance which is believed
 here to have the double object of
 cutting off the lines of communica-
 tion toward Warsaw preliminary to
 another assault on the Russian
 positions along the Vistula, and
 secondly the ravishing of the rich
 Baltic provinces in retaliation for
 Russian raids into east Prussia.

AIRSHIP DRIVEN OFF.
 London, May 3.—A German tambe
 flew over Dover today but was driv-
 en off without inflicting any damage
 or dropping any bombs.
TODAY IN HISTORY
 Columbus discovered the Island of
 Jamaica 421 years ago today.
 President Lincoln issued a call
 for 42,054 volunteers for 3 years'
 service 54 years ago today.
 Today is the 95th anniversary of
 the organization of the Congres-
 sional committee on Agriculture.

OPENING GAME WON BY RUSHERS

**Wrecking Crew Pounds in Three
Runs Against Dayton Shilohs in
Contest Lasting Four Innings.**

HEAVY HITTING FEATURES

**Schlenker and Hellmund Star at Bat
—Large Crowd Pleased With
Park and the Team.**

Some ball park and some more team was the expression heard on all sides after the fans had their first look at the new plant of the Rush County Amusement Association and the team is expected to grab the pennant in the Indiana State League. Rain stopped the opening game after four and one-half innings had been played but this did not put a damper on the enthusiasm of the crowd.

To offset the rain and keep the crowd in still better humor Rushville grabbed the game from the Dayton Shilohs by a score of 3 to 1. The game was featured by the heavy hitting of the Rushers and the team showed that it will play ball even against the strongest of teams. Threatening weather kept the crowd down but at that the gathering was typical for an opening game. Everything was new and clean and it was a pretty sight to see the Rushville team march out on the field wearing their new uniforms for the first time.

The opener was pulled off in big league style, the Odd Fellows hand played throughout the afternoon. The game had progressed only two innings when it started to rain. Umpire Long kept the teams at it thinking the rain might stop, but it increased all the time. With Rushville at bat in the last of the fifth the rain came down in torrents and the game was called. The score reverts back to the last of the fourth inning for Rushville and the final score ended 3 to 1.

Considering that it was the first game played on the new diamond the game was fast. The diamonds are not yet in perfect condition and the play even at that surprised the crowd. In the very first inning the fans were given a thrill when Schlenker and Hasselback cut down the Shilohs with a fast double play. Feldhaus was safe on Hasselback's error and Myers sacrificed. Gregory hit a liner at Schlenker, who doubled Feldhaus off second.

The Rushville team started things in the very first inning. Hellmund singled to left and Cordes beat out a bunt. Robe was out, Kelley to Lyman, and Hellmund scored on the play. Geyer walked and then along came Schlenker with a timely single and scored Cordes. The next two were easy. The other Rushville run came in the third when Schlenker hit to left field for a home run. The Rushville team appears to be long on hitters. Hellmund and Schlenker playing the heavy parts yesterday. "Doc" Hellmund got three hits out of three times up, one of these going for a triple. "Dutch" Schlenker fared equally as well getting two hits out of as many times up and one of these was the home run smash.

Vordenburg, Rushville's big pitcher was just beginning to go good when the rain put a crimp in the contest. The Shilohs found him for only two hits and one of these was the scratch victory. And another thing that makes Vordy appear good is the fact that the Shilohs are as good a team as Rushville will be up against this season.

The game was fast and clean as far as it went. There was no rag chewing and Freddie Long made a hit with the fans by the manner in which he handled the game. The fans would like to have seen the game finished but the rain was evidently needed more, and anyway it counted a victory for the Rushers.

The Innis-Pearce team defeated Baker Doll's Specials, 6 to 5 Sunday morning. The game was exceedingly fast. Miller and Lucas was the battery for the Innis-Pearce team while Stoops and Joyce performed for the bakery boys.

SAYS BALL PARK IS CREDIT TO CITY

**John Spinney, Father of Amateur
Baseball, Declares it Equals Any-
thing Outside of League.**

PRAISES RUSHVILLE TEAM

Among the many people attending the ball game yesterday was John Spinney, of Cincinnati. Mr. Spinney is called the father of amateur baseball in that city and takes a special interest in the Rushville team. He came here yesterday just to see the boys perform in the opening game.

Speaking of Rushville Mr. Spinney says the people should be proud of their new ball park, as it is as fine as any outside of the big leagues. He complimented the directors for their work in furnishing a place of amusement where any woman could attend without being offended. Spinney declared that Manager Davidson has selected a team of real ball players who are and will be a credit to the city and while they may lose a few games during the season, they will also win many more and the club that beats them out in the race will surely have to go some.

Spinney believes that Manager Davidson has a bunch of hitters that will drive several pitchers in the Indiana State League to drink, and with Vordenburg in shape and Goodfellow supporting him, the Rushers will surely advertise Rushville as it was never done before.

He also declared that no club ever won a pennant without the support and encouragement of the people and exhorted the fans to be loyal to the home club at all stages of the fight this season. "Show your appreciation of the hard work done by the men at the head of the club," said Mr. Spinney, "by turning out every Sunday and root hard for the Rushers."

THE RUSHERS.

In the contest to get a nickname for the Rushville team it has been decided to call the team The Rushers. The season pass is issued to A. L. Gary, who submitted this name. Over one hundred names were given in, and it was only after great difficulty that a decision was reached. The name Rushers isators have also decided to call believed appropriate. The director the park Edgewater park. This name was given by E. J. Higgs of Greensburg.

There are five different kinds of blends of Golden Sun Coffee. One of them will suit you.

FEDS DRAW MORE THAN EXPECTED

**Gilmore's Circuit Continues to Get
the Crowds Despite Gloomy
Predictions by O. B.**

WANTS MAJOR LEAGUE RATING

**Pat Powers Declares Outlaws Will
Be in New York City by That
Year—Has the Backing.**

BY HAL SHERIDAN
(Written for United Press.)

New York May 3.—Surprisingly good play by teams that before the opening of the baseball season were considered not to have as much chance as an "open town" politician in Los Angeles, has served during the early days of spring to draw big crowds to the various yards of the Organized Baseball domain. So the magnates are smiling broadly but not so broadly as to eclipse their arch enemies of the Federal organization.

President Gilmore's insurrectos failed to bow to the lofty disdain of Ban Johnson. The predicted "corporate's guard" that would attend the Federal contests swelled on opening days to any where from 15,000 persons to a million—the latter being the Federal figure, the former being only the truth. Newark responded to its new major team as Philadelphia responded to "Billy" Sunday and Billy was not greatly disappointed there, either.

Now comes Patrick Powers, or Pat if you don't like the disguise. Mr. that is Pat, Powers vociferates with much positiveness that the Federals will have a team in New York in 1916. That was said in 1915. But Pat always had a convincing way. Mr. Powers divulges that the New York club is already organized. All its needs is a park, some players and a crowd. The mazuma, which is a synonym for dough, glue or good baseball teams, as you please, is subscribed, asseverates the Fed magnate.

Not only will New York have a team, emphasizes Mr. Powers but the Federal league does not want peace at least not worse than Mexico or Austria. He adds that the Federal owners are so tied up that they will forfeit everything should they agree to separate terms.

Recognition as a major league, both by public and O. B., is the Federal goal and Powers believes that by the end of the year it will be achieved.

WONT HAVE TO RAID MAJORS

**At Present Rate of Development
Feds Will Have Enough Young
Stars to Get by on**

RECORDS SHOW SURPRISES

**Zwilling and Westerzil are Batting
Good and Other Young Players
Are Showing Something**

(By United Press.)

Chicago, May 3.—A peek into the Federal League record book so far this season seems to show that the Gilmore circuit at the present rate of its development of youngsters won't have to raid the American or national league for its future stars. Hard put to it for likely league scouts were particularly energetic in combing the sand lots the bushes the colleges and even high schools. These scouts have done their work fairly well is shown by the records.

Ed Zwilling, of the Whales, for instance is really a product of the Federals. Zwilling was turned back to the Western League by the White Sox after a brief tryout with the latter club. Tinker looked Zwilling over and signed him. The box scores show how Zwilling has behaved with the Whales.

Another young Federal whose hitting has been a feature this season in its timeliness is Westerzil of the Brookfeds. In seven games this year he has hit for an average of .476. Still another Brookfield player whose batting has been Wagnerian is Cooper who averaged .370 in fifteen games. Bennie Kauf, too has wielded his bat with a vim, having a mark of .578 in fifteen games.

Young Tobin of Fielder Jones' crew is another sensational young player who does not need a record in the American and National behind him to make him look good while on duty.

Against arguments some times heard that the Federal league batters are good merely because they have no pitchers to face, it has been pointed out that Hal Chase, Rebel Cakes and other young stars when in the American and National leagues, have been getting mighty few pickings from Federal league pitchers.

They say that when Duncan goes to bat in Baltimore, the Baltimore fans, without stopping to think, begin to yell for wreckers to tear down the fence in right or center-field so it won't stop the ball. Besides being a .436 hitter Duncan's work in the field has been called as pretty as anything ever seen in either of the older circuits.

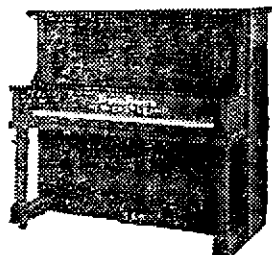

PLAYS FAST GAME

(By United Press.)
Greencastle, Ind., May 3.—Lee Carroll of Newcastle, has been playing one of the fastest games of tennis throughout the DePaw tournament and his partner, William Pilkenton of Lawrence, Kan., makes the team appear in running for the title team at DePaw. They defeated the DePaw team of last year eliminating it from the tournament.

WOMAN IN BAD CONDITION

Restored To Health by Lydia
E. Pinkham's Vegeta-
ble Compound.

Montpelier, Vt. — "We have great faith in your remedies. I was very irregular and was tired and sleepy all the time, would have cold chills, and my hands and feet would blot. My stomach bothered me, I had pain in my side and a bad headache most of the time. Lydia E. Pinkham's Vegetable Compound has done me lots of good and I now feel fine. I am regular, my stomach is better and my pains have all left me. You can use my name if you like. I am proud of what your remedies have done for me." — Mrs. MARY GAUTHIER, 21 Ridge St., Montpelier, Vt.

An Honest Dependable Medicine
It must be admitted by every fair-minded, intelligent person, that a medicine could not live and grow in popularity for nearly forty years, and to-day hold a record for thousands upon thousands of actual cures, as has Lydia E. Pinkham's Vegetable Compound, without possessing great virtue and actual worth. Such medicines must be looked upon and termed both standard and dependable by every thinking person.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

PHASE IN TARIFF IS BIG BLUNDER

Provision Giving 5 Per Cent Discount on Merchandise Imported in American Vessels

HELD TO BE INOPERATIVE

Question is Now Before Court of Customs Appeals With Little Chance of Victory

Washington May 3.—One of the classic blunders of the present administration is now before the Court of Customs Appeals and a decision is looked for at an early date.

The Court is expected to interpret the meaning of the provision in the Underwood Tariff bill proposing to give a five per cent discount in customs duties on merchandise imported in American vessels. Thus far that clause has failed in its purpose, just as the tariff measure of which it is a part failed to provide adequate revenue.

Enacted October 13, 1913, it failed on its first test, and that test applied too, by the then Attorney General less than 30 days after the bill was signed.

No sooner had the tariff bill been presented to the Secretary of the Treasury for administration than a doubt arose in his mind as to the validity of the five per cent discount provision. He appealed for advice to Attorney General McReynolds, who is now on the Supreme Court bench. The provision was pronounced inoperative.

Acting on this opinion the Secretary of the Treasury issued an order to customs collectors instructing them to make no allowance of discount on duties under this provision.

Importers who had relied on the law appealed to the Board of General Appraisers. Their ruling resulted in further confusion and neither side being satisfied the case was taken to the Court of Customs Appeals, more than a year after the law had passed.

The Democratic Committee report on the five per cent provision defined it as "a discrimination in favor of American shipping designed to build up our merchant marine and keep at home millions of dollars now being paid to foreign vessels to carry our products to foreign markets." Yet although they fully realized the tremendous importance of this measure which they said involved millions of dollars they lacked the foresight to consult their own Attorney General as to the possibility of enacting it into law. They had a vague idea of what they wanted, adopted a vague method of trying to secure it, and by careless guess work threw the whole matter into the courts.

Furthermore, even if the principle of discrimination had not been questioned by the Attorney General the provision was so clumsily drafted that three different interpretations have been placed upon it. Counsel for the importers claimed one interpretation, government attorneys claimed another and the Board of General Appraisers furnish a third different from all.

During the debate in Congress on this provision, Republican members repeatedly warned the Democrats that, quite apart from its policy, its phraseology was meaningless and should be corrected to become effective.

It was so much breath wasted. The majority stubbornly refused to accept either caution, suggestion or amendment. The result has been that this very important clause has thus far proven mere useless verbiage, except to cause litigation and expense to all concerned. About the only purpose it has served is to emphasize the fact that the inefficient methods of Democratic legislators have made it impossible for them to put even their own ideas into effect.

GRAND JURY INVESTIGATES

Takes Up Cases Against Banks in Hamilton County

Noblesville, Ind., May 3.—Grand jury investigation of the failure of the Farmers' and Merchants' Bank at Cicero. The Hamilton Trust company of this city and the People's State Bank at Arcadia, began today following the summoning of the jurors today by Judge Vestal of Circuit court. All the institutions were closed by Auditor Crittenberger after they had either refused or were unable to replace some questionable paper with cash or other security. John F. Neal of this city and George Osborn of Sheridan will assist Prosecutor Gny in the investigation.

"FOURTH ESTATE" TO LEARN A FEW

Journalism Week is to be Devoted to Shop Talk by Newspaper Men in Missouri

CHARLES GRASTY TO SPEAK

(By United Press.)

Columbia, Mo., May 3.—"Journalism week," to be devoted to shop-talk and entertainment of newspaper and magazine men of Missouri and other states began here today. The "week" will last five days.

One of the principal speakers of the meeting will be Charles Grasty of the Baltimore Sun, formerly a Missouri newspaper worker and known throughout the state to newspapermen.

The program is planned as a part of the education of the students of the University's School of Journalism, which daily edits and publishes the University Missourian, a four page newspaper.

MANY CANDIDATES IN GARY ELECTION

Several Men Want to be President of City Council Since City Went Into Second Class

RESULTS IN HOT CAMPAIGN

(By United Press.)

Gary, Ind., May 3.—The scramble among Gary politicians for the newly created office of president of the common council was to end today. The office came into existence May 1, when Gary became a second class city. It was decided to hold the election for that office today and since the announcement here two weeks ago there has been a flurry among the eligibles resulting in hot campaigns.

Among the candidates are Alderman R. E. Rowley, and W. S. Fear, members of the council since this city was incorporated nine years ago. Alderman Richard Houren, leader of the anti-administrationists is said to be one of the most likely candidates.

MUST KEEP DUST OFF THE STRAWS

State Food and Drug Commissioner Sends Out Circulars Warning Soda Fountain Owners.

OTHER REQUIREMENTS MADE

All Dishes and Utensils Must be Washed by Rinsing in Cold Water, Inspector Says.

Here goes a thrust at the ice cream soda straw. It must go or else consent to be covered up in some suitable container out of the way of all contaminating dust. The order comes from the state food and drug inspector, Dr. H. E. Barnard, who instruct all pure food inspectors and county and city health officers to enforce the order.

A large number of soda dispensers here already have containers for the attractive little straw, but some of the dealers have none, but persist in permitting the straws to go unconfined where they can collect about a ton of germs and dust every half day.

There are a number of other requirements that are set forth in a circular letter that Dr. Barnard has sent to the health officers throughout the state. In speaking of the soda fountain question, Dr. Barnard states: "In order that the sale of ice cream, sodas and soda fountain sundries may be conducted under sanitary conditions and in conformity with the laws of the state, the operators of ice cream parlors and soda fountains are hereby instructed that all such goods may be dispensed only in sterile containers. To this end it is ordered that all soda fountains and ice cream parlors be provided with facilities for washing dippers, glasses, spoons and serving dishes and operated under a number of special conditions."

The first of these special conditions is that there be an adequate supply of pure water. Then all dishes and utensils shall be washed by rinsing in cold water. The use of paper cups and linings will be permitted. By the latter statement it is meant that paper linings, without bottoms, are permitted to be interested in glasses. These fit so snugly that the customer is hardly aware that the same is being used. Refrigerators at soda fountains shall be kept clean by washing with hot water and soap or with washing powder. Employees of ice cream parlors and soda fountains shall be cleanly in person and dress, free from infections and contagious diseases and trained in the conduct of their work. All of the requirements enumerated above are well observed by the dealers in this city, Officer Truitt says. There has been more neglect, it is said, in the matter of the little straw.

The last named requirement in the list sent out by Dr. Barnard requests that as soon as empty ice cream, milk and cream cans shall be rinsed in cold water. This means just literally what it says. The can must be rinsed as soon as empty and must not be left dirty for an hour or two.

Much Adler-i-ka Used in Rushville

It is reported by F. E. Wolcott that much Adler-i-ka is sold in Rushville. People have found out that ONE SPOONFUL of this simple buckthorn bark and glycerine mixture relieves almost ANY CASE of constipation, sour or gassy stomach. It is so powerful that it is used successfully in appendicitis. ONE MINUTE after you take it the gasses rumble and pass out. It is perfectly safe to use and cannot gripe.

RUSHVILLE PARTY FINDS RELIEF

New Kidney, Backache and Rheumatism Remedy Proves Itself Locally.

Mr. F. M. Mock of 323 West Ninth street, Rushville, Ind., says: "I suffered with Rheumatism in my hips. My kidneys were in a congested condition and I was bothered continually with sharp, shooting pains across the small of my back. About this time my attention was called to Lloyd's Kidney & Rheumatism Tablets, the new scientific prescription. I got a box and after a few week's treatment I noticed the backache had entirely disappeared. My kidneys are in a much better condition and I feel better in every way. I am glad to say a good word for Lloyd's at any time as I got very quick and satisfactory results."

For sale by all good, reliable dealers and at Wulcott's Drug Store.

EXPECTS WAR TO END MILITARISM

Col. Weaver Former Consul to Vienna Declares Idemnitities Will Do Away With Armies

SAYS AUSTRIA IS TO BLAME

Outcome Cannot be Doubted Although Germany May Hold Out a Long Time—Race Question

(By United Press.)

Greencastle, Ind., May 3.—Germany and Austria cannot stand against the whole of Europe. Germany, in the main is responsible for the present European war. Militarism will be destroyed, because Germany and Austria will have to pay such great indemnities they will be unable to maintain their armies. France probably will recover Alsace-Lorraine and Austria will lose Bosnia. Because the Kaiser dominates his party, he and the Prussian military spirit are chiefly responsible for the war.

The above conclusions were drawn today by Colonel James Riley Weaver, former consul-general to Vienna (1879-1895) who is professor of political science at DePauw university. He gave out the following statement today:

BY COL. JAMES RILEY WEAVER
Former Consul-General to Vienna

The cause of the war is based on Germany's and Austria's desire to make a way through Salonica for an outlet to the Aegean Sea. Serbia stands in the way. If they get to the Aegean Sea they can interfere with eastern affairs.

"I would condemn Austria for causing the war by putting upon Serbia an impossible demand. Serbia said 'We cannot comply with your demands; it would be contrary to our constitution but if our answer is not satisfactory, let us refer the matter to the Hague Tribunal.' Austria rejected this as an insult and declared war. Correspondence shows that Germany gave Austria a free hand to do as she pleased. Therefore Germany is responsible for, if not the instigator of the war. Germany having prepared for decades for such a contingency was quite ready to go to war. But she was dreadfully disappointed in England's objecting to German violation of Belgium's neutrality.

"The outcome cannot be doubted although at present Germany is fitted for the conflict better than the Allies. The two nations cannot fight all of Europe. Ultimately Germany will be defeated. The outcome is difficult to foresee but probably France will recover Alsace-Lorraine, and Austria will lose Bosnia. Some solution satisfactory to European power will have to be entered into regarding Constantinople. Germany and Austria will be compelled to pay such large indemnities that militarism for the time being, if not permanently will be destroyed.

"The basis for the whole trouble is the military spirit of Germany opposed to the growing democracy of Europe. It is partially a race question, partially a territorial question but essentially a conflict between forms of government—autocracy and democracy. It is not a race-question for strangely enough the Crown Prince of Austria had married a Bohemian wife, although mortgagically who was a Slav, and it would seem to be very great folly, would it not, for the individual who shot the crown prince and his wife, to turn against his own nationality?"

"I hold the kaiser and the Prussian military spirit responsible whether it be the kaiser himself or his party. Some think that the kaiser could not control the military party and was compelled to give way before it. But he is a vigorous determined man and dictates to his party instead of following its wishes. Would the men who dismissed Bismarck be ruled by a few generals?"

"I have fancied that if Germany and Austria can move toward the Aegean Sea, Bohemia, which now belongs to Austria, would be transferred to Germany. Austria would not gain much but would be pushed by

Germany and Germany is the stronger nation. But it is hardly possible. Austria may possibly lose Trieste, Bosnia and all the Dalmatian coast to Serbia. Germany will lose what was taken from France in 1870. East Prussia likely will be given to Russia as a partial reward, while Germany will have to pay for the destruction of Belgium. Any accident may bring Italy into the war, and if she takes part she probably will regain possession of Trent which was taken from her by Austria."

BIG DAMAGE SUIT IS SET FOR FRIDAY

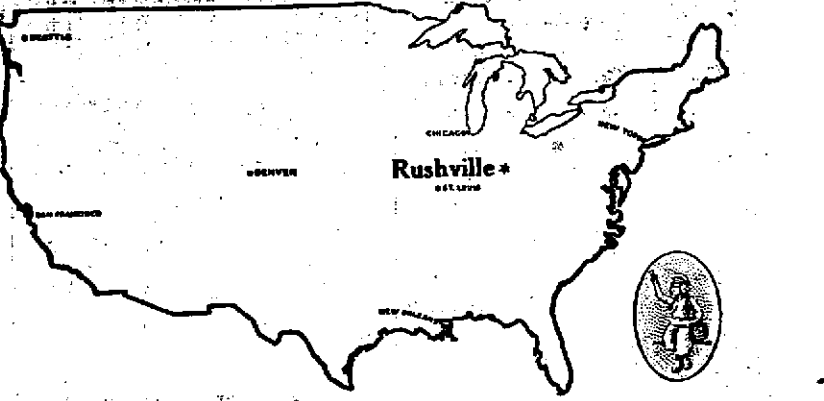

Malicious Prosecution Case of John R. Brickert For \$50,000 is in United States Court.

IT HAS LOCAL CONNECTIONS

Indianapolis, Ind., May 3.—The case of J. R. Brickert, a Jersey cattle dealer of Frederickburg, W. Va., for malicious prosecution, against three Indiana financial institutions and two individuals, in which \$50,000 damages is demanded, is set for trial in the United States district court for Indiana here Friday and Saturday. The suit is the outgrowth of the arrest of Brickert in West Virginia and his return here on a criminal charge involving some notes. The plaintiff's contention for damage is based on the fact that the charges were dismissed on the cases of the prosecutor without the case having first been tried. The case will be heard by Judge K. M. Landis of Chicago, in the absence of Judge Anderson, who is ill.

There is a long array of attorneys in the case including Bailey & Young of Indianapolis; Watson, Tittsworth & Green, of Rushville, and Atotruy Frayes of Frederickburg, W. Va., for plaintiff and Miller Shirley and Thompson; Elam, Fessler and Elam, and Griffith Dean, all of this city.

The defendants are The Farmers Trust company of Nashville, Tenn.; Farmers Trust company of Franklin, the Greenwood bank, A. B. Irvin of Rushville, R. A. Brown of Franklin and Albert Johnston of Greenwood.

To the Business Men of RUSHVILLE

When a good salesman goes out after business, he first puts on a clean collar and gets his shoes shined. Then he looks like more business—and he's made a flying start toward getting it.

Likewise, a community can go after more business—and get it. The "clean collar and shiny shoes" of this town are the well-painted stores, the bright, cheery homes, the fresh, clean-looking buildings. The part paint plays in building up local pride cannot be put in figures—but its good effects are recorded on the local merchants' sales sheets. Buy good paint. We recommend and sell

Eckstein White Lead

Selling Is MORE than Trading Stock for Money!

Selling is part of the scheme of business. Most anyone can sell once, but selling so you can create permanent customers is selling successfully. That is why we carry the large stock of buggies we have on our sample floor for prospective customers or purchasers to make their selections from. They don't have to take something they don't want, as we carry every style of buggy that there is a demand for. Then after the customer has made his selection from our stock we tell him exactly what the buggy is and it has to be just as we represent it or we make it that way. The customer takes no chances. He is sure to get just what he pays for. ONE sale reduces itself to a confidence game unless the buyer is perfectly satisfied. Satisfaction sends a customer away with a smile that won't come off. That is why our buggy business has grown. We have found out how to hold customers come off. That is why our buggy business has grown. We have found out how to hold customers after we get them and every satisfied customer is bound to bring a new customer sooner or later. Right now our stock of buggies is complete and if you are needing a buggy come in and make your selection. We have the style you want and we would be glad to have you for one of our satisfied customers. We know you will be glad when you give us your vehicle business, so do it now.

WILL SPIVEY, At Oneal Bros.

ONE WEAK SPOT

Many Rushville People Have a Weak Part and Too Often it's the Back

Many people have a weak spot. Too often it's a bad back. Twinges follow every sudden twist. Dull aching keeps up day and night.

Backache is often from weak kidneys. In such cases a kidney medicine is needed.

Doan's Kidney Pills are for weak kidneys.

For backache and urinary ills.

Good proof of merit in the following statement.

Hiram Whalen, R. R. No. 1, Circleville, Rushville, Township, says: "Doan's Kidney Pills are a fine remedy and we always keep them in the house. I had pains in my back that made it hard for me to straighten after stooping and my kidneys caused me a great deal of trouble. Doan's Kidney Pills stopped the pains and aches and regulated the kidney action."

Price 50c. at all dealers! Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Whalen had. Foster-Milburn Co., Props., Buffalo N. Y. (Advertisement.)

TRIAL POSTPONED TODAY

Cases Against Five Republicans go

Over Until November.

Indianapolis, Ind., May 3.—The election corruption conspiracy trial of Roy Shuttuck, defeated Republican candidate for congress in the fifth Indiana district, and four Terre Haute Republicans was today postponed in federal court until the November term on motion of District Attorney Dailey, who said there was a rush of other court business.

ASKS VIEWERS TO APPRAISE LAND

Fairview Burying Association Files

Petition to Get Possession of Adjoining Ground.

SIMILAR CASE FAILED ONCE

The Fairview Burying Grounds association filed a petition this afternoon in the circuit court asking that the court appoint three viewers to appraise some property owned by mery M. Vandevanter, Bernice Vandevanter and Mary Durbin. The Fairview company desired the land owned by the defendants for an addition to the cemetery there and the complaint states that a satisfactory agreement regarding the sale of the land cannot be reached.

The court is asked to appoint three viewers from Union township to make the assessment. The suit is brought by the trustees of the cemetery association, Edward Dolan, Michael Brown and S. J. McClure. It is claimed that the defendants now own a small piece of ground as a private burying ground and that it adjoins the Fairview cemetery. A similar suit filed last year against John P. Snelser failed when the cemetery association refused to pay the price as fixed by the appraisers.

TERM OPENS WITH DAMAGE SUIT TODAY

Case of C. A. Fletcher et al. for \$2,000 Occupies Attention of Court and Jury First Day.

WAS SENT HERE FROM HENRY

The May term of the circuit court started this morning with a jury hearing the case of Charles A. Fletcher and Lethia Fletcher against the Union Traction Company of Indiana for damages in the sum of \$2,000.

The case was sent to this county on a change of venue from Henry county. The plaintiffs operate a taxicab company in Newcastle and the suit is based on an accident at the corner of Indiana avenue and Twelfth streets, Newcastle, in which it is alleged that a taxicab was damaged beyond repair when hit by a traction car. The accident occurred on November 10, 1193.

The jury trying the case is as follows: W. P. King, J. P. Bales, L. M. Kuhn, Willard Myers, Alva Hodges, D. C. Aldridge, Leroy Lines, J. F. Bussell, J. E. Wynn, Mauzy Bebout and E. J. Farthing.

REV. S. L. LYONS DIES.

(By United Press.) Indianapolis, May 3.—The Rev. Samuel L. Lyons, for many years pastor of the Reid Memorial Presbyterian church in Richmond, Ind., died in the Robert Long hospital here today of heart failure. He was one of the best known ministers in the state.

A HUNG JURY.

(By United Press.) Trinidad, Colo., May 3.—Eleven to one for acquittal with the lone one standing steadfastly, was the situation at noon today in the jury which had considered the case of John Lawton, labor leader, charged with murder, since Saturday night.

DEFENSE SPRINGS SURPRISES TODAY

Correspondent Says Barnes Told Murphy For Democrats to Get Own Chesnuts From Fire.

REFERRED TO PRIMARY BILL

(By United Press.) Syracuse, N. Y., May 3.—Boss Murphy asked William Barnes to help defeat the direct primary bill enacted during Governor Dix's administration and Barnes said he would let the Democrats pull their own chesnuts out of the fire," according to testimony today on the defense side in the \$50,000 libel suit. The testimony—that of a former newspaper correspondent—was one of the three big surprises sprung by the defense today.

Another correspondent told how Barnes was disgusted with Governor Hughes for favoring the anti-race track bill and that Barnes said that he and Hughes could not agree because Hughes cared more for his conscience than votes.

The third surprise was production by the defense of a big batch of correspondence between Senator Platt and Barnes to be read this afternoon.

LEWISTON CELEBRATES.

(By United Press.) Lewiston, Idaho, May 3.—In honor of the opening of the 8 1-2 mile Dallas-Cello canal, which for the first time will permit uninterrupted navigation of Columbia and Snake rivers from Pacific ocean to Lewiston, a distance of 497 miles, and to the Priest Rapids, in the Upper Columbia, 450 miles, a huge celebration was held here today.

Thousands of visitors were here. A committee of senators and congressmen, representing the U. S. government, and the governors and committees from the legislatures of the Pacific northwestern states, added dignity to the occasion.

BRICK MEN TALK PRICES.

(By United Press.) Fort Worth, Tex., May 3.—Whether the already H. C. of L. shall be further boosted by making it more expensive for the ordinary man to get his bricks is the subject which the state brickmakers' association was slated to discuss today. They intended to register a protest against a raise in state freight rates on their commodity.

AUTO SHOW A SUCCESS.

The automobile show given in Carriage under the auspices of S. L. Newsom attracted a large crowd. A public demonstration was given of several makes of cars handled by Mr. Newsom. A band concert was given in the afternoon.

VOTES ON LOCAL OPTION.

Goshen, Ind., May 3.—The dries went to the polls today in an attempt to demonstrate that since 1913 they have gained more than thirty-two votes on the wet element. The election today followed the stiffest sort of a campaign on both sides, due largely to the close result in 1913 when the wets won by thirty-two votes.

ROADS ASK THROUGH RATES.

Cincinnati, May 3.—The Interstate Commerce Commission today will hear the request of several Eastern and Southern railroads for authority to charge through rates from Buffalo, Pittsburg and Central freight association territories to points south of the Ohio river and east of the Mississippi via Ohio river crossings.

GOSHEN VOTES TODAY

Goshen, Ind., May 3.—Since Elkhart, which is in the same county, has voted wet by a reduced majority the dries were of the opinion that this city would vote to oust the eleven saloons at today's election. The wet conceded nothing. They declared Goshen will stay in the wet column for business reasons. The saloon arguments are that if Goshen votes dry, then business will be diverted to Elkhart which is only a few miles away. The wet majority here two years ago was only 32 votes.

John M. Perry has filed suit to foreclose a mechanics lien against Joel Palmer and Lulu Palmer.

Mrs. W. M. Miller is seriously ill at her home northeast of the city.

Charles Moorman of West Seventh street, is seriously ill, suffering from a carbuncle on the back of his neck.

Every HOUSEKEEPER is DELIGHTED

when she has added to her establishment some choice possession that will stay good, that she knows will not get shabby and have to be replaced in a short time.

Whittall Rugs

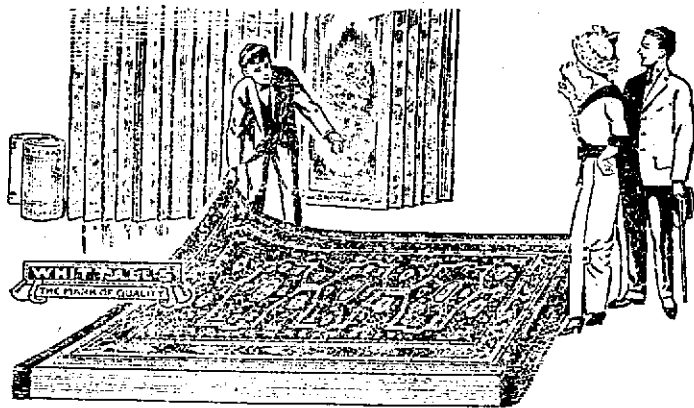

means just that to everyone who has ever had experience with them.

THEY ARE CHOICE POSSESSIONS AND THEY STAY CHOICE.

When you invest your money buy a standard article. Whittall Rugs bear their distinguished mark. The name Whittall's is woven into the back of every rug and every yard of carpet, just as standard silver bears the "Sterling" mark and gold bears the Karat stamp. Look for it when you buy rugs and carpets.

Grass Rugs For the Porch

Sanitation safeguards to health. A few whisks with the broom and our grass rugs look like new. No wooly fibres or open pores to catch germ laden dust, no hours of back breaking porch scrubbing necessary. All Sizes. All Grades. All Prices.
